HASKELL INTERESTS TO BUILD REFINERY UPON SIGLER LEASE

Sign Contract to Operate Wells For One Year; Will Market Gasoline In Vernon.

More rapid progress on the "biggest wildcat contract in the world"—the sinking of 30 wells on the Waggoner ranch—is expected to follow the signing of a contract between the Haskell interests, which are in charge of the huge development program, and the Sigler Oil Corporation. Under the terms of the contract, which has just been signed, the Haskell interests are to take charge of the two producing wells on the Sigler lease and operate them for a year's time.

A small gasoline skimming plant will be built on the Sigler lease, and production of the wells will be seperated into gasoline and fuel oil. The former will be marketed in Vernon it is expected, while the latter will be hauled by truck to the wells being drilled on the Waggoner ranch.

The Haskell interests are headed by Exgovernor C. N. Haskell of Oklahoma, and are said to have a backing of millions of dollads. E. C. D'Yarmett is field superintendent for this district, in active charge of the Waggoner ranch tests, several of which are nearing the depth where pay sand is expected.

The tests will be drilled at intervals from the edge of the Electra field to the neighborhood of the Sigler leases, and should determine definitely the presence or absence of oil on the vast stretch of land betwen the two fields.

Work at the Sigler wells already has been started, and flow tanks are being erected to care for the oil. The contract with the Sigler company is expected to save the Haskell interests a large sum of money on fuel oil.

The contract will not interfere in any way with new development on the Sigler leases, which comprise about 2,500 acres. The only wells which Mr. D'Yarmett's company will be interested in are the ones from which production already has been secured.

The skimming plant is expected to be in operation in sixty days. It will be the first "refinery" in the vicinity of Vernon, and as such it will command unusual interest.

One of the biggest problems the Sig-

(Continued on page 2)

RAZOR ENDS LIFE OF W. M. MELTON

FINANCIAL WORRY HELD RESPONSIBLE FOR ACT OF TOLBERT FARMER

W. M. Melton, 51 years old, a farmer residing on the old Swinburn place, two miles this side of Tolbert, died shortly after 10 a. m. Sunday from wounds self inflicted with a razor. Financial worry is held responsible for his act.

According to members of Mr. Melton's family he arose early Sunday morning and went out to the barn. When his wife called him to come to breakfast he did not respond. A search was instituted and he was found beside the barn with a jagged wound across his throat.

A local physician was summoned and made a hurry call to the Melton home Examination disclosed that the injured man's windpipe had been almost severed while the razor blade had barely missed the jugular vein. Several strokes had been made with the razor, which was found folded up beside Mr. Melton. An operation was performed in an effort to save his life, but he died within three hours after being injured.

Funeral services were held at the home at 2:30 p. m. Monday with Rev. Tooley, Methodist circuit rider, officiating. Interment took place in East Wood cemetery, near Vernon.

Mr. Melton was formerly a resident of Vernon and at one time was an auctioneer here. Later he was a clerk in a store. He is survived by his wife and several children.

WILBARGER COUNTY EXHIBIT AWARDED FOURTH AT DALLAS

Fine Showing Made By Local Products In Competition With All Sections of State.

Wilbarger county won fourth place in the county exhibits at the state fair at Dallas, in competition with counties from all over the Panhandle and from Central and South Texas, according to a telegram received today by Secretary Townsend of the Chamber of Commerce from Miss Eula Goodfellow, home demonstration agent.

The Wilbarger county exhibit is making its third showing this season. It was shown at the county fair here, and also at the Texas-Oklahoma fair at Wichita Falls. Miss Goodfellow and P. D. Chaney, county extension agent, are in charge of the booth at Dallas.

Winning fourth place is considered a remarkably fine record, in view of the extremely unfavorable weather conditions which farmers have had to face this year.

The county exhibits are judged on a fixed basis, a certain number of points being awarded for each product. Exhibitors are allowed options in a few cases, between different products.

Secretary Townsend received word yesterday that Wilbarger county had been penalized 25 points for arriving late with its exhibit. He immediately called the fair management and protested against this ruling, and reminding the officials that special permission had been secured by the management of the Texas-Oklahoma fair to enter the exhibits shown there, without being penalized. The Dallas fair management stated that no penalty would be exacted from Wilbarger county.

WILD GEESE TRAVEL IN VAN OF SEASONS FIRST NORTHER

Breaking a long hot spell, the first norther of the season swooped down upon Wilbarger county at 2 a. m. Saturday morning, bringing a spray of sand. The wind was very hard for a short time, and an electrical display accompanied th estorm. The thermometer dropped 30 degrees in 10 hours. A flock of geese seen over Vernon late Friday afternoon, winging their way south, gave old-timers room to propesy a change in weather.

Dreams of householders asleep Friday night were troubled by visions of empty coal bins and stoves still reposing in the garage or the cellar. Saturday morning, feeling all "pepped up" by the bracing weather, a number of men started their annual battle with stubborn stove pipe.

NEGRO COTTON PICKER DIES AFTER HARD DAY'S WORK

Ed Houston, a negro who has resided in Vernon two years, died suddenly Friday afternoon while being carried to Vernon from the Greene farm four miles west of Fargo. Williams and ris wife have been residing in a servants' house back of the L. P. Bonnar residence, but about three weeks ago he went to the country to pick cotton for Ed Williams.

Thursday he picked 388 pounds of cotton. About noon Friday he began to complain of a pain in his chest, and at 3 p. m. he was started to Vernon, in a hack. He died before the vehicle reached this city.

Justice of the Peace T. J. Griffiths rendered a verdict of death from natural causes.

MR. AND MRS. T. H. SHIVE RETURN FROM CALIFORNIA

Mr. and Mrs. T. H. Shive and their daughter, Miss Olive, have returned from Long Beach, Calif, where they went last May on a vacation trip. Mrs. W. B. McCaleb, a married daughter, and Tom, Jr., and Miss Mary Myatt Shive, two other children, and Sam Napier of Napier Bros. Motor Co., went with them to Long Beach, but returned here in September.

"We saw many people we knew while we were on the West coast," Mr. Shive said Saturday. "We had a splendid time, but are glad to be back at home."

The trip was made by train.

Vernon Man to Lead T. C. U. Against Simmons Cowboys

JUDGE GREEN

"Judge" Green Captain of Horned Frog Team Which Is to Clash With Western Eleven.

When the Texas Christian University Horned Frogs meet the Simmons College Cowboys at Wichita Falls Athletic park next Saturday, a Vernon boy will be one of the formidable members of the former eleven, as tackle and captain of the team. He is Aubrey D Green, better known as "Judge." He was reared here, and his parents, Mr. and Mrs. D. L. Green, reside at 298 East Pine street.

"Judge" Green is a two letter veteran of the Horned Frog machine, and is in his fourth year at school on the team. He is 23 years old and weighs 175 pounds. His work last year was one of the deciding factors in Horned Frog victories over such teams of the University of Tulsa, Missouri, Osteopaths, and University of Arkansas.

Charley B. and Miss Regena Green will be interested spectators at Saturday's game and will watch their brother match his veterans against the mountain of brawn represented by Simmons College. Henry Rogers, Jr., and Leil Buchanan, grandchildren of Mr. and Mrs. Green, also will watch with the hero worship usually ready to be accorded an uncle. The parents are undecided whether they will be able to make the trip to Wichita Falls. Many Vernon football fans will attend the game, according to expressions heard on the streets.

The T. C. U. aggregation is coming with the determination to fight to the last second to get revenge for the 10 to 7 defeat administered to them last year at the West Texas Fair, while Coach Hay's husky eleven from Abilene will be there just as determined it shall claim another victory this year.

With seven letter men back this year, including two star back field men, Yeager the sensational quarterback, the Cowboys will take the field as one of the most formidable football machines ever turned out at Simmons.

Coach McKnight of the T. C. U. Horned Frogs is building his team around his eight letter men. With thirty-five men fighting for positions, he does not lack first-class material. He announced that the line will not be quite as heavy as last year and that the back field will be lighter, too. The team will miss the passing ability of Boob Fowler, but Bill Honey seems to be rapidly filling his shoes.

Returns from New Mexico

M. F. Hardison returned Saturday from New Mexico and Colorado, where he visited with relatives and friends. Mr. Hardison visited with Mr. and Mrs. R. B. Turner while at Rotan, N. M., and states that Mr. Turner is doing well after a siege of sickness.

PLAINTIFFS WIN IN FARGO SCHOOL SUIT

JUDGE P. A. MARTIN RULES BUILDING MUST REMAIN AT FORMER SITE

The Fargo district case, in which C. S. Mason, W. H. Beavers, J. R. Green and J. C. McGill, patrons of the Fargo school, asked an injunction to restrain trustees of the school from removing the schoolhouse from its old site or building 2 structures in the district, resulted in a victory for the plaintiffs, after a trial Monday in district court, Judge T. A. Martin of Wichita Falls presided, in the absence of Judge Nabors.

Judge Martin sustained the plea to make the restraining order perpetual and issued a writ of mandamus requiring the trustees of the school to proceed with the building of a new schoolhouse on the old site and to make adequate provisions for starting and maintaining a school, as soon as the building is completed.

The Fargo schoolhouse was destroyed by fire last spring. Two members of the school board, which is composed of J. S. Mason, W. B. Lovelace and J. T. Marr, favored moving the building to a new site. A number of patrons opposed the move and in May a hearing took place before County Superintendent L. A. Hollar, who rendered a decision in favor of the old site. Two of the trustees appealed to the county school board, which, after going into the matter, upheld the county superintendent.

Agitation was then started to divide the district, but since a bond issue had been passed, this could not be done. Later a move got under way to build two school houses in the district.

Four patrons of the school then went before Judge Napier of Wichita Falls and asked for an injunction to restrain the trustees from moving the school site or erecting two buildings. Judge Napier granted a temporary injunction and the case was set for a hearing this month. Judge Martin's decision yesterday was the third victory won by those who favor the old site. Notice of appeal was filed by the defendants.

The plaintiffs were represented by Berry, Stokes and Killough, and the defendants by Bonner, Storey and Storey and Cook and Nicholson.

Rayland Farmer Dies In Act of Examining Financial Statement

Frank Williams, a farmer residing near Rayland, in the south part of Wilbarger county, died suddenly Sunday morning at the home of a neighbor. Death was due to heart failure.

Mr. Williams had gone to the Wood Beazley farm to visit F. Fuller, according to word received here, and was sitting in the dining room going over a bank account with his host. He swayed and fell, and examination diclosed that he was dead.

Mr. Williams was about 35 years old. He leaves a wife and children.

13,436 BALES GINNED IN COUNTY TO DATE

GINNING EXCEEDS LAST YEAR BY PRACTICALLY 1,000 BALES—WEATHER FAVORS PICKERS

Continued fair weather has enabled farmers to gather the Wilbarger cotton crop rapidly during the past week.

The Record's report today from all gins throughout the county, including Rayland, which is just over the line in Foard county, show that 13,436 bales have been ginned to date. It is estimated that more than 75 per cent of the cotton ginned at Rayland is raised in Wilbarger county, and a large percentage of the staple marketed in Vernon.

Exceeds Last Year

On October 11, 1921, the Record's published report showed that the county had ginned 12,445 bales up until that date. This year's report exceeds that of last year by 991 bales.

Today's report by gins for Vernon is as follows: Vernon gin 1,328, Peoples gin 1,510, Farmers gin 1,228, Farmers and Merchants gin 815, Planters gin 1,510.

Other gins in the county have turned out the following number of bales: Oklaunion 455, Harrold 360, Fargo 1,040, Lockett 1,310, Rayland 885, Tolbert 390, Parsley Hill 570, Odell 1910 and Elliott 325.

TURKS DRIVE GREEKS INTO SEA.

CROWELL DEFEATED BY LOCAL ELEVEN

THREE MEMBERS OF VISITING TEAM TAKEN FROM GAME BECAUSE OF HURTS

Vernon High School defeated Crowell at the local fair grounds last Friday, 26 to 6, in a game which was hard fought in spite of the one-sided score, and in which the Crowell players suffered a number of accidents.

Vernon took the offensive at the starting whistle and scored a touch down in the first few minutes of play. The local eleven proved unusually effective on center and end plays, and their center offensive several times completely baffled the visitors.

As the game approached the end of the first half, Crowell braced up and carried the ball towards Vernon's goal line in a series of line bucks which netted steady gains. Near the ten yard line they attempted a forward pass twice in succession and failed and the ball went over.

Three Crowell players were taken out of the game on account of injuries. J. R. Carter, right half for the visiting aggregation, sustained a sprained knee when he was tackled by Reed. Roy Buckley o fCrowell had his nose broken in the first few minutes of play, and was taken out. B. I. Glover, another Crowell lad, sustained a broken rib.

Spectators of the game held their breath when the roof of the judges stand at the race track, just back of the football grounds, collapsed under the weight of about a dozen younksters ranging in age from seven to 12. None were hurt.

Vernon high, undefeated so far this season, is scheduled to meet Wichita Fall high school eleven Friday at 3:30 p. m. at Wichita Fals. The latter team also has an unbroken record this season. The local eleven will leave here at noon in cars.

Vernon's lineup last Friday follows:
Rogers, R. E.
Thompson, R. T.
Key and Streit, R. C.
Shive and Robinson, C.
B. Reed, L. G.
Smith, L. T.
Fergeson, L. E.
Hollor and Williams, Q.
Withers, R. H.
H. Bourland and C. Bourland, L. H.
Walker and Justin, F. B.

Negro Wears a Pair of Shoes Which Cost $84; Stole 'em, Bought 'em

A Vernon negro has the distinction of wearing the highest priced pair of shoes in Texas. They cost him a few cents over eighty four dollads.

He was caught by city officers after he had stolen the shoes from the Brunson and Williams Drygoods company a few days ago, and fined $50 and costs, or a trifle more than $72.

Saturday he came to the drygoods store and bought the same pair of shoes he had stolen paying $12 for them.

LION'S CLUB HEARS TALK ON POULTRY

R. B. GALBRAITH MAKES PLEA FOR SUPPORT OF HIGH SCHOOL ELEVEN

"We can exceed the record made by Hale county last year in marketing $2,000,000 worth of eggs and chickens," Adam Donges, president of the Wilbarger county poultry association, declared in an address last Friday before the Lions' Club at its weekly meeting and luncheon at the White Rose cafe. "In climate, soil and other factors entering into poultry raising, we are as favorably located as Hale county or any other county in the state."

Mr. Donges' address dealt with possibilities of the poultry industry in Wilbarger county. He asked the support of the Lions' Club in the annual poultry show, to be held here in December. The club voted to aid the project in every way possible.

R. B. Galbraith, head of the manual training department and athletic director of the high school, made a plea for support of the football squad, stating that the backing of civic organizations, business interests and the general public is necessary if Vernon is to maintain a winning team. The Lion's Club has been very active in giving moral and financial backing to the local eleven.

Three persons besides Mr. Galbraith were guests at the club. They were Lewis P. Kopp, minister of the Central Christian church, Robert E. Dickenson, pastor of the First Methodist church, and I. A. Boyles, a farmer residing near Chillicothe.

Following the talks by members and visitors, a short program of stunts and fun was enjoyed.

MISS LILLIAN NEWTON ON PROGRAM AT STATE MEET

Miss Lillian Newton, librarian of the Public Library, will be one of the speakers at the annual meeting of the Texas Library association, to be held in Austin Oct. 25, 26 and 27. Her subject will be "Unique methods of financing and increasing interest in the needs of the smaller library."

Miss Newton plans to leave Vernon on Oct. 24 for Austin. Several hundred delegates will be in attendance at the meeting and a program of general interest has been prepard. In addition to speakers of prominence in Texas library circles, a number of leaders from other states will take part in the program.

CROWELL MAN ROBBED WHILE TRYING ON SUIT OF CLOTHES

A Crowell man who came to Vernon last Saturday to trade, lost about $20 in a local drygoods store, when thieves went through his old trousers while he was looking to see if a new pair fit.

City officers made an arrest, but the victim was unable to furnish identification and the suspect was released.

ALTA RICHARDSON DIES FROM EFFECT OF GUNSHOT WOUND

Member of Fargo Serenading Party Loses His Fight for Life—Funeral Will Be Held Today.

Alta Richardson, 21, one of two young men from Fargo who were wounded by pistol shots as they approached a farm home in company with about 50 other young people on the night of September 25, died in a local hospital at 5 p. m. yesterday from effects of the wound.

According to evidence produced at a court of inquiry held last week before Justice of the Peace Griffiths, the young people were approaching the home of Mr. and Mrs. William Riggins, on a farm owned by Frank Ketchersid and located two and a half miles from Fargo. Mr. and Mrs. Riggins had been married the previous Saturday.

As the vanguard of the party, which was planning to serenade the newly wedded couple, reached the Riggins home, three shots were fired from the dark, and Mr. Richardson and Bernard Richards, another young man of Fargo, fell to the ground.

They were brought to Vernon and placed in a hospital, where an operation was performed on each. Both seemed to be recovering, but early Sunday Mr. Richardson's condition suddenly took a turn for the worse. Tetanus developed and he died in 36 hours. Bernard Richard is thought to have a good chance for recovery.

Emmet Ketchersld, one of the crowd which went on the serenading party, was placed under $1,500 bond by county officials the day followng the shooting, on a charge of aggravated assault. At the court of inquiry, some of the witnesses to the affair placed the blame for the shooting on Mr. Ketchersid. Three shots were fired, it was stated, but whether one bullet wounded both men or whether they were struck by different bullets seems to be in doubt.

Alter Richardson was well known in Vernon, where he was engaged in the dairy business last fall and winter. His home was between Fargo and Doans, where his parents, Mr. and Mrs. J. P. Richardson reside.

Funeral services will be held at 3:30 p. m. today at the Fargo cemetery, where interment will take place. A number of Vernon people left shortly after noon toiday to attend the funeral.

BUSINESS MEN IN OPTIMISTIC MOOD

BANK DEPOSITS MOUNT AND LOCAL MERCHANTS ENJOY BRISK TRADE

The last two weeks have been banner ones for business men over the county, according to numerous expressions heard Saturday. Local banks have swelled their deposits by many thousands of dollars, while merchants have enjoyed large sales.

Optimism over business conditions in the county has been increased by the fact that the cotton crop is apparently much better than early forecasts would lead one to believe, while the price of the staple has held in the face of extensive selling over the country.

From information gathered by J. V. Townsend, secretary of the Chamber of Commerce, a large acreage will be planted to wheat if fall rains set in early enough to justify planting. This is held to be an encouraging factor in the business situation, as a good wheat crop next spring will add greatly to the prosperity of the farmers, and thus aid business conditions generally.

Local merchants and bankers also are enthusiastic over the wide variety of products now being raised on Wilbarger county farms, and the greatly increased interest being taken in blooded livestock and good poultry. These interests bring farmers ready money at all times of the year, and many farmers who are practicing diversification find themselves in good shape financially even before they market their cotton crop, it was stated.

WAYS OF THE FOOL TOLD BY MINISTER

DR. DICKENSON PREACHES INSPIRING SERMON AT FIRST METHODIST CHURCH

Dr. Robert E. Dickenson, pastor of the First Methodist church, Sunday night preached an inspiring sermon, using as a text the scripture, "The fool hath said in his heart, 'There is no God.'"

This verse is a good Bible definition of a fool, Dr. Dickenson declared. The fool lays out his course in life, and makes all his plans for the future, without taking God into account. He acts as if there were no Deity, compassionate but also just, who will deal justly with his children. "They ways of a fool is right in his own eyes."

Dr. Dickenson quoted the parable of Jesus about the two men who went to the Temple to pray—the tax gatherer and the Pharisee. The latter had many good points to his credit, it was stated, but he was a self righteous man and hence foolish.

Dr. Dickenson condemned a number of modern day practices as being those of a fool. Unjusts weights and measures have enabled many persons to amass wealth at the expense of their friends and customers, he declared. He told the story of a fisherman whose fabulous tales of "big catches" were not understood until a neighbor sent to borrow the scales he used to weigh his fish. The neighbor wished to weigh a new baby. On the "fish" scales it weighed 40 pounds.

An unfair man, one who cheats through false weights, or one who exacts usury, is a thief in the sight of God, the minister declared. Saint Paul classes such a person with the murderer and the idolater, he said.

The minister dwelt on slander as a sin condemned in the Bible, but widely practiced today. "He that uttereth a slander is a foolish man."

Many young people are driven to the road of destruction by careless remarks made about holy things, he stated. And many people who go wrong find their road infinitely harder when they do turn their faces toward the light, through the spiteful remarks about them by others.

A tableaux in which four young women, dressed in white, took part, songs by a quartet and a solo by Mrs. E. C. Christian were special features of the service.

VERNON MAN TO SING TONIGHT OVER RADIO

Edwin Lisman, Vernon man who has won a wide reputation as a singer, will entertain friends here, as well as thousands of miles away, over the radio tonight at 10:30, when he sings in the broadcasting studio of the Dallas News. Mr. Lisman was requested by the management of the state fair recently to appear on the program, and accepted the request.

Mrs. Helen Founts Cahoon, of Fort Worth, who has many acquaintances in Vernon, also will be heard in tonight's Dallas News concert.

Three Couples Married Here

Three weddings in three days have been performed by Justice of the Peace T. J. Griffiths, Vernon's "marrying squire." Raymond Spears and Miss Belle Beanbran, both of Durant, Okla. were married at Mr. Griffiths' office Saturday afternoon. George Plumlee and Miss Mary Gallimore were united in wedlock at Mr. Griffiths' home, at 2:30 p. m. Sunday. J. S. Harris and Mrs. Lizzie Harris, of Electra, were married at the court house at 4 p. m. Monday.

Home Science Club to Meet

The Home Science Club will meet Friday afternoon, October 13, at the home of Mrs. B. A. Williams. An interesting program has been prepared.

JAPANESE DRUG KING ONCE WAS A GARDNER

Twenty years ago H. Hoshi, a Japanese, landed on the Pacific Coast, with less than $100 and went to work as a truck gardener. He saved enough to go East and graduate in 1901, from Columbia University, with a degree in economics. Returning to Japan, he entered the drug business and today is the drug king of the Island Kingdom, worth more than $9,000,000. He has just established a $1,500,000 institute in Meguro to provide free education to ambitious Japanese.

HOME ECONOMICS CLASSES START DRIVES FOR FUNDS

Girls' home economic classes at the high school, their ambition fired to attend the state clothing contest at Waco next spring, are launching a program to raise money for paying the expenses of all girls who can qualify as delegates to the meet.

The first year class has elected Miss Eunice Davis as president and Miss Elizabeth Hick as treasurer. Girls of the class will start their money raising campaign today with a candy sale down town.

Miss Allene Ashenhurst was chosen president of the second year class and Miss Lena Tolbert, treasurer. The organization has perfected plans for holding a candy sale Thursday.

Miss Clara Leutwyler is president of the third year class and Miss Leslie King treasurer. Their organization sold cold drinks and pop-corn at the football game at fair park last Friday, and has made an encouraging start in gathering a bank count.

Among the aims of the classes, which are under direction of Miss Valeria Reynolds, is making and wearing practical and healthful clothing.

WEST TEXAS TODAY MERGED WITH SUGAR LAND MAGAZINE

West Texas Today, the official organ of the West Texas Chamber of Commerce, has been merged with the Texas Commercial News, a weekly magazine published at Sugar Land, Texas near Houston. Beginning with the issue of Oct. 7, four pages of the Texas Commercial News will in each issue be devoted to news of the West Texas Chamber of Commerce, under the heading, "West Texas Today," according to announcement in the Sugar Land magazine.

For the last two years the magazine has been issued by the Chamber of Commerce, first as a quarterly and later as a monthly. Hamilton Wright, publicity manager of the West Texas Chamber of Commerce, will run the department devoted to West Texas interests.

We want to buy all kinds of household goods.—Lisenbee Furniture Co. Phone 352. 78tfc.

PLAN ENFORCEMENT OF TRAFFIC LAWS

CITY ORDINANCES NOT BEING OBSERVED, CHIEF OF POLICE KEY SAYS

Violation of city ordinances by automobile owners have become so frequent that city authorities will wage a campaign to see that the laws are enforced, Chief of Police Key stated yesterday. Among the most frequent violations are parking cars parallel to the curb and parking at fire plugs, Mr. Key said.

"It has become the practice of automobile drivers to stop and stand their cars parallel with the street curbs," Mr. Key declared. "This is a violation of the law, Section 1, City Ordinance No. 374, provides:

"That it shall be the duty of all persons owning or operating or having under control or in their charge or custody any vehicle upon the streets of the city of Vernon, Texas, to observe and conform to the following rules and regulations:

Section 2.

No vehicle shall stop and stand in any street unless said vehicle is parked against the curb in such a position that the right front wheel shall be against the curb, and if said vehicle is horse drawn the horse or horses must stand within 12 inches of the curb.

Section 3

No vehicle shall be parked in any alley.

Section 4.

No vehicle shall stand backed up to the curb except when actually loading or unloading, and if said vehicle is horse drawn the horse or horses must stand as nearly parallel to the curb as is possible, and be headed in the direction of the traffic, and in no case shall it stand longer than the actual loading or unloading is required.

Section 5

No vehicle shall be driven through a procession except by permission of a police officer and under his direction.

Section 6

No vehicle shall stand within any street intersection, nor nearer than 14 feet to the property lines on the intersecting street, nor shall any vhicle stand or be parked nearer than 14 feet of any fire plug nor 5 feet of a mail box.

Section 7

No person shall ride any bicycle or motorcycle along or upon any sidewalk within the city.

Section 8

No person shall run or operate any loaded truck, having sufficient weight to injure any pavement across or over any of the paved streets or alleys within the corporate limits of said city.

Section 9

No person shall stand or park any vehicle in front of or near any gasoline supply station in such way as to prevent free and safe access for vehicles to and from such gasoline supply station, nor shall any person stand or park any vehicle in front of or near any space marked, "DON'T PARK HERE."

Section 10

No person shall hitch or tie any horse to any lamp post or awning post or awning post within the city limits.

Section 11

No person shall drive or operate any vehicle of any kind over any fire hose while lying on or stretched across any street or alley of the citf.

Section 12

No person shall skate slide or roll upon roler skates or ride, propel or push any wagon, vehicle or other contrivance with wheels on, along or across any paved sidewalk within the fire limits of the city, provided, this ordinance shall not be construed so as to prefent the use of baby buggies or perambulators for the purpose of conveying infants, nor the use or chairs for infirm persons, or trucks for transporting goods.

Section 13

It shall be unlawful for any person riding a bicycle, motorcycle, tricycle or on roller skates, or any pedestrian to take hold of any moving vehicle for the purpose of riding along, by or riding upon said moving vehicle.

Section 14

No horse shall be left unattended on any street unless securely fastened, where any horse is fastened to a weight, such weight must not weigh less than 15 pounds.

Section 15

The provisions of this ordinance, shall be cumulative of all existing laws now in force relative to the subjects to which they relate.

Section 16

Any person violating any of the provisions of this act, shall be deemed guilty of a misdemeanor and upon conviction shall be fined any sum not less than $5.00, nor more than $200.00.

R. H. COFFEE RUNS INTO PIE SUPPER AT MULESHOE

R. H. Coffee returned Sunday from Clovis, N. M., where he went last week in company with Dr. S. M. Johnson, general director of the Lee Highway. Mr. Coffee and Dr. Johnson left Vernon in the former's car Friday morning. That night they had rare luck in driving into Muleshoe, in Bailey county, just as a big pie supper in which half the inhabitants of the county participated, got under way. There were games and good things to eat and a good time such as the hospitable men of far Western Texas know so well how to supply.

Mr. Coffee and Dr. Johnson drove into Clovis Saturday morning. The latter went on to Roswell, where he planned to take a train back to Washington, D. C. his home.

HASKELL INTERESTS TO BUILD REFINERY UPON SIGLER LEASE

(Continued from page 1)

ler interests had to face has been the profitable marketing of oil from the wells, with no pipe line connections. The contract will be of benefit to the company, in that it will relieve it of this problem, it is thought.

The No. 1 well of the Sigler company was the discovery well which initiated the historic oil boom of 1920. It is said to be still capable of producing from 25 to 50 barrels of oil per day. The Sigler wels have not been operated for some time.

On the Waggoner ranch, three wells are now drilling with cable tools and a fourth is scheduled to be started in about 10 days.

Interest in the Heinzerling Oil Corporation's No. 1 test on section 80, block 17, has been augmented by finding of additional gas and oil sands. The well is drilling at 1,700 feet with standard tools, in eight and a quarter inch casing.

Two productive gas sands have been encountered, one at the level of the heavy gas flow struck in the Castlebury well, a mile to the east, and the second at a greater depth. At about 800 feet more than 100 feet of oil bearing sand was passed through.

According to W. H. Heinzerling, president of the company, at least three more oil bearing sands are expected before the well reaches a depth of 2,100 feet, which under present plans, is as deep as it will be drilled. A sand struck last Thursday which yielded a good showing of light gravity oil, Mr Heinzerling stated, but on testing out it did not show for commercial production.

The well at present is making a gas flow of more than 1,000,000 feet, according to Mr. Heinzerling.

The corporation will start its second test within a month on the 500 acre tract where the present well is being drilled, it was stated Saturday.

Fidelis Class Entertains

The Fidelis class of the First Baptist Sunday school entertained the Young Men's class Thursday evening at Allingham park with a weenie roast. About 40 were present and all reported an enjoyable evening.

MATCHLESS CAST IN "BEYOND THE RAINBOW"

At the Vernon Theatre Wednesday and Thursday.

A cast embracing many of the most prominent personalities in the American theatre presents Wm. Christy Cabanne's bik mystery drama, "Beyond the Rainbow," distributed by R-C Pictures and showing at the Vernon Theatre Wednesday and Thursday.

Among those who appear are Helen Ware, Lillian (Billie) Dove, Rose Coghlan, George Fawcett, Edmund Breece, Marguerite Courtot, Diana Allen, Macey Hariam, Huntly Gordon, Harry Morey, William Tooker, Virginia Lee and Clara Bow beauty contest winners; James Harrison, Walter Miller and Charles Craig.

In the production of "Beyond the Rainbow," Mr. Cabanne has achieved one of the biggest directorial accomplishments in his career. In addition to the extraordinary cast, it possesses all the sure-fire ingredients of real entertainment.

The story has to do with the adventures of Marion Taylor, a young woman—the role impersonated by Miss Dove—who is employed in a downtown New York office. She is the support of an invalil brother and her mother. Fate gives her an opportunity to attend a reception at which she meets many social notable, but a man is shot at the ball and a gun is found in the possession of one Bruce Forbes, of whom Marion has become quite fond. Then begins a story as mysterious as the future of life itself and suspense is maintained until the end. It is best, perhaps, to withhold the details so that a real surprise may be enjoyed by those who see the story, depicted, on the screen.

Interwoven in the mystery theme is a story of poignant feeling, of heart interest seldom matched on the silver screen. The photoplay, while of especially storng appeal to women, also is calculated to interest men and young folk, too, because all the word likes a good mystery yarn.

BIG FALL CROP OF MOSQUITOES HERE

SUGGESTIONS FOR KILLING PESTS ARE MADE BY HEALTH DEPARTMENT

The biggest crop of mosquitoes hatched in Vernon this season has been nurtured by the exceptionally warm weather of the last three weeks and according to local physicians there is some danger that the dengue fever, which has swept Central and South Texas and is still raging, will spread here. One or two cases of the fever have already been reported here. The disease is carried only by mosquitoes, according to health experts, and will cease to spread when cold weather approaches. The mosquitoes also constitute a menace from the standpoint of malarial fever.

The following suggestions regarding mosquitoes and ways to combat them are made by the state health department:

Malarial mosquitoes breed in still water and in the pools and grassy edges of running water. They lay their eggs on the surface of the water. These eggs float, and in a few days hatch into larvae, or "wiggletails." These live in the water, and in time turn pupae, or "tumblers," which turn into mosquitoes. There are four changes in the development of mosquitoes just as for butterflies: the eggs for both; the larvae in place of the caterpillars; the pupae in place of the crysalis, and the mosquitoes in place of the butterflies. For mosquitoes all these changes must take place in water, and for anopheles (malarial mosquitoes) will take from 12 to 16 days in summer weather or longer in cool weather.

"The Anopheles larva lies at the top of the water and parallel to it, for all the world like a basking pike. The larvae of other mosquitoes hang from the top head downward. If the later are touched, they will always dive. If the Anopheles larva is touched, while it may dive, it will generally "scoot" backwards along the top of the water. They are are not a bit alike, and once seen no one will ever mistake one for the other.

"It is far more important to recognize the larvae of Anopheles than the mosquitoes themselves, because this enables us to find their breeding places and hence destroy them.

Anopheles prefer to breed in clean water, in small, shady pools with grassy edges; if with grass growing in them so much the better. A marshy piece of ground with many small pools among bullrushes and sedge, is an ideal place. The grassy edges and quiet pools formed by obstruction on small streams are also favorite places, as are cattle tracks. They have no objection to running water unless running swiftly. Some species breed well in large ponds.

"They occasionally breed in almost any collection of water, un less it is very foul; shallow wells, water barrels, tin cans, etc., especially if they have leaves or grass in them or the green algae—"frog moss." Generally, however, they avoid barrels, cans and other artificial containers, unless they have grass, moss, etc. in them.

"Since it takes usually about 14 days for the eggs to produce the mosquito if a collection of water dries up completely in less than 14 days, it is not likely to breed Anopheles mosquitoes.

BOYS' AND GIRLS' CLASSES TIE IN "AUTOMOBILE RACE"

The "auto race," being conducted by the Sunday school of the Central Christian church has reached an interesting stage. The boys' class and the girls' class have tied for honors in reaching a "refreshment station" and both classes will be the guests of the Sunday school at an entertainment Friday night. The date for the event has been changed from Thursday night on account of a conflict with another event.

Committees on refreshments and entertainment have been appointed by the Sunday school, and an all-round good time is promised Friday night.

1,320 AT SUNDAY SCHOOL CLASSES

TWO-THIRDS OF HIGH SCHOOL STUDENTS ENROLL FOR BIBLE STUDY

Combined attendance at the Sunday schools Sunday was 1,320, according to figures compiled yesterday. While this number is not as large as that of the previous Sunday, when rally days were held at three of the churches, it is considered a remarkably good showing. All churches report increasing interest in Sunday school work.

Attendance by churches was reported as follows: Methodist, 405; Baptist, 395; Central Christian church, 190; Presbyterian, 158, Church of Christ, 172.

Attendance at the Central Christian church was 25 larger than on rally day last Sunday and broke all records for the Sunday school, Rev. Lewis P. Kopp minister, pointed out yesterday.

The Bible classes being conducted each Monday morning at the churches as a part of the regular high school work reported greatly increased enrollment this week. The increase in enrollment follows: Methodist, 13; Baptist, 3; Central Christian, 1; Church of Christ, 2; Presbyterian 2. Total 20. About 190 pupils, or approximately two-thirds of the high school students are now taking Bible study at the churches. The work will count a half unit.

Vernon high school is one of the first in Texas to adopt Bible study as a part of the regular curriculum. It is planned to extend the work to the grade schools next year.

ECONOMICS CLUB WILL BE GUEST OF SCIENCE CLUB

The Home Economics club will be guest of the Home Science club Friday afternoon at the home of Mrs. B. A. Williams of West Wilbarger street.

This initial meeting of the year has been designated as officers' day and Mrs. J. N. Johnson, president, will deliver an address outlining the plans for the new club year.

Mrs. A. S. Ross, parliamentarian, will discuss the constitution and by laws of the club at this session.

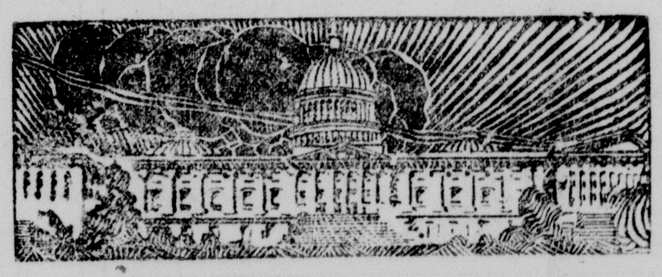

The assistant hostesses will consist of the president and her cabinet, Mesdames J. N. Johnson, M. C. Culbertson, B. A. Williams, N. R. Heath, J. O Rouse, J. E. Collins and A. S. Ross.

The members are urged to attend this first meeting and pay their dues.

Abilene Man to Preach at Fargo

R. C. Bell of Abilene will preach at the Fargo Church of Christ this next Saturday night, Sunday and Sunday night. Everybody is invited to attend the services.

EDITORIAL

—CONFIDENCE—

REAL, TRUE, LASTING, PROSPERITY COMES ONLY WITH CONFIDENCE. Confidence in each other; in our community and in our country.

The disgruntled Pessimist has no place in this scheme for the Good Times which may always be ours if we so will. WAITING FOR SOMETHING TO HAPPEN MEANS NOTHING WILL HAPPEN AND BUSINESS STAGNATION PREVAILS. Squeezing every cent may lend a feeling of "safety first," but eventually leaves one with no income and a corresponding financial shrinkage.

Purchasing what you need and when you need it puts dollars in circulation that come back to you in rentals, increased property values and prosperity for all. Employment is the paramount necessity of every community for EMPLOYMENT MEANS WAGES AND WAGES MEAN PROSPERITY. Not just prosperity for those receiving these wages but prosperity for those that they, in turn, pay them out to. Prosperity for the Banker, the Merchant, the Property Owner and last and most important—VERNON AND EVERY ONE OF ITS CITIZENS MAKING UP THE CIVIC BODY.

The purchasing of a hat, a suit, a pair of shoes, a loaf of bread or any other of the innumerable articles which make up the needs of our personal living, all require the labor of someone in consumating the purchase. THEREFORE LET THIS PURCHASE BE MADE IN VERNON.

We want to make this an individual matter with every one of you folks, as it is an individual matter with every one of our Business Men. ALL THOSE APPENDED HEREWITH GIVE EMPLOYMENT TO VERNON PEOPLE. They wish to give more employment and vocation to those who desire it and pledge themselves to campaign unceasingly for the laboring conditions of our community. All of the Vernon Business Men are of this mind and they ask your support and encouragement.

THIS ENCOURAGEMENT CAN BE GRANTED BY A 100 PER CENT LOYAL PATRONAGE OF THE BUSINESS MEN OF THIS CITY WHO IN TURN GIVE EMPLOYMENT TO THE PEOPLE OF THE COMMUNITY. It can be granted by your absolute pledge to employ no labor but what is Vernon labor performed by a Vernon person.

By these acts you will be offering to the working man or woman of this city the tangible co-operation and support which they rightfully deserve and which will all contribute to the final result we are expecting—A GREATER VERNON.

GOCERIES

We take great pride in the quality of groceries and consider them a real inducement for your patronage. If you are as discrimminating in your choice of a grocer as we are in our selection of groceries, we shall expect you to call.

GREAT WESTERN CIRCULATOR

The Heat Giant of the West

There has never been a greater heater, one that gets so much out of the fuel, than the GREAT WESTERN CIRCULATOR.

One of the greatest improvments in stove construction made in recent years is the device for circulating the air so that all of the room where the stove is located, and even an adjoiningroom, will be uniformily heated.

This is accomplished by means of a supplementary flue which recieves the cold air from near the floor, conducts it upward in contact with heated surfaces, thence carries it within the body of the stove over the fire, and finally discharges it, thoroughly heated at the top.

Find the Misspelled Words

Have You Read the Editorial on the Opposite Page? Then You Are Eligible to Win One of the Following Prizes. Try It—It Is Easy. Here's How.

Beginning with August 8 issue of the Record, this double page program of Record advertisers will appear for ten consecutive weeks in the Tuesday issue only. The last one will be published October 10th.

The following cash prizes are offered to our readers:

First Prize	$50.00
Second Prize	$25.00
Third Prize	$15.00
Fourth Prize	$10.00
Fifth Prize	$ 5.00

INSTRUCTIONS

MAIL, this double-page ONLY, to The Vernon Record. OBSERVE THE FOLLOWING INSTRUCTIONS BEFORE MAILING. Underscore the mis-spelled words—Illustration—

SEPERATE

Write your name and address at the bottom of this sheet. This double-page, with the mis-spelled words underscored, must reach the Record office not later than MONDAY following the date of publication.

The mis-spelled words will appear indiscriminately among the advertisements. Therefore, read carefully, each advertisement.

Anyone residing in Wibarger county is eligible; Record employees only are excluded.

At the end of the campaign the Record will award the prizes in accordance with the percentage of mis-spelled words found. Remember—Five prizes will be given.

In the event of a tie the prizes will be equally divided. Be careful not to underscore words correctly spelled.

We Invite You to Join In. It's Interesting and Instructive

A large number of Record readers study Record advertisements as a guide to Quality merchandise, Quality products, and Quality service.

Record ads help them to economy buying and they save money. The Record wants more people to "Get the Habit"—Yes, Everybody—to become better acquainted with Vernon business, Vernon merchandise, Vernon Service and professions through Record Advertisers—So here is your opportunity to gain information and win a prize.

On these pages is a comprehensive directory of Vernon advertisers. They compose a substantial part of Vernon's business district. The goods they offer are trade-marked products—your insurance of quality and satisfaction. Read about these advertisers and the goods they advertise. Get the habit and stick to it. It pays to keep posted. The better you are posted the more prizes you win.

AN UNFORTUNATE MERGER

It will be a source of great regret to many sincere friends of the West Texas Chamber of Commerce to learn that "West Texas Today," the official publication of the organization, has been merged with a weekly magazine published at Sugar Land, far in South Texas, and owned and controlled by a manufacturing corporation which has no interests located in the new territory which it will endeavor to serve.

In South Texas there is little understanding of or sympathy for the problems and civic aspirations of West and Northwest Texas. This statement will not be doubted by any person who is familiar with the repeated efforts of this section to secure justice from the state legislature, and the almost solid opposition which these efforts have met from politicians in the south and southeast portions of the state.

"West Texas Today" will be run as a department in the Sugar Land magazine; under the able hand of Hamilton Wright, who is probably more intimately acquainted with people of West Texas and the problems facing them than any other man in the state.

But the merger is sure to be regarded by many as a most unfortunate alliance. And in view of the fact that there is ample capital in this part of Texas to finance a publication which would be devoted exclusively to the west and would be a part of the territory which it served, the question will be asked: "Why not a magazine of our own?"

THRIFT A CONSTRUCTIVE FORCE

Thrift has been treated too long as a sort of country cousin among the virtues. Her homely advice has not been needed, and her prudent counsels have been laughed at as being old fashioned. She has been shamefully snubbed by young and old, all over America. Now people have given her a kind word, much less heeded the philosophy she preaches.

Wilbarger county parents can impress no more valuable lesson upon their children than the value of thrift. It is one of the greatest constructive forces in the world.

Persons who are taught to realize the importance of thrift will be careful in expenditure of money. They will understand that foolish expenditure is waste, and waste is an economic sin.

A proper regard for thrift will cause citizens to exert their influence in behalf of conservation of mineral, timber and soil resources, and cause them to become enemies of waste and extravagence along these lines.

And thrift, rightly understood and practiced, will teach citizens to conserve their health; for over-expenditure of the strength and energy with which a kind Providence blesses us is perhaps the worst form of extravagance.

Habits of thrift, thoroughly ingrained in young people, exercise a great influence for good in the formation of character. They call for self denial, which in turn develops will power and judgement.

HOLDING THE PEOPLE

(By Phebe K. Warner)

What is the population of your county? How long since the first settler established the first home in your county? DID HE STAY? Did he rear a family? If so, how many descendents of that family are there living in your county at this time?

Have you any idea or record of how many people have come to your county established a home of some kind stayed a few months or a few years, pulled up and left? Why did they leave? What do you suppose the population of your county would be now, if every man and woman who had moved to it and established a home in it had stayed there; reared their children there; and lived their entire lives there?

But it is not the few or many who come and go that means the greatest loss to a county. Some times it is a gain to lose them. It all depends upon the kind of folks they are. But it is the influence of the unhappy, dissatisfied, homesick people who get up and leave before they have had time to learn to love the new country that hurts the country and holds back its progress. It is said that "we can not lose that which we have never had."

But all sad words of tongue or pen the saddest are those 'it might have been." And one of the greatest losses to any new country are the fine people, we might have had among us today—but for the influences of those who have left us. We have known people to come to our county during the past twenty-five years and never turn a furrow, never plant a tree, never pay a dollar to help build a church or a school house or a town. Wouldn't even read the home paper if somebody else paid for it. Just speculated, profiteered, and ridiculed, gathered up their thousands of dollars and chased back home to spend it all developing their great country to live in ease and luxury off their easy made money and inoculate everybody they met with the poison of prejudice against the new country. We are glad they are gone. The pity is THEY ever came. But the harm they have done is irreparable by piling up false stumbling blocks in the way of their neighbors who really needed the homes they could have built for themselves in our big, new county.

Who are the happiest and best fixed folks in your county? As a rule are they not those who came years ago and STAYED through thick and thin; through the good years and the bad ones; through the floods and the droughts?

If it were not for such people there would not be stability to our national or our community life. But we need more of them in the new country. Especially do we need to cultivate this spirit in the youth of our counties. There are only two ways to increase our population and this year the people of the Plains have decided on a "Million population" as their slogan. The first method is by creation. The second by addition. The first is by birth; the second by emigration. The first means growth and development within your county. The second will depend upon the magnetism of your county and that magnetism is first and last within YOU. It won't make any difference how bright the sun shines nor how much rain falls, nor how fine the crops are, unless the newcomers learned to love the people they find here. It is absolutely up to us who are here to make good if we want others to come to our county and stay.

As a rule the new-comer to a country has left a country or a state in a higher state of cultivation. Naturally he, and especially his wife and children are going to miss the conveniences of the more developed state. But it is the home folks that they miss most. It is companionship and new friends they need most in their new home. It is YOU they need to take the place of friends they have left. And it is entertainment and companionship that the children need to adjust them to their new surroundings.

There is where your good school will make a lasting impression on their young lives. Here is where the Mothers' Club will be a joy to the strange mothers, for mothers' hearts beat very much alike no matter where they come from or where they go. One of the most important works to be done in our new counties at this time is holding the people through these trying days and months of a not altogether successful year. They had planned to do so many things this year. But they can not now. Go to them. You have been through it all before. Point out your neighbors who have conquered in life's battle by staying with it. They may move this year and hit the bad year somewhere else next year. We're going to have a good year next year. Did you know that the strongest force for holding new folks in a county are the women of the county? Many an ambitious man has been forced to pull up and move just before the victory because his family was so unhappy. Because nobody paid any attention to them. Get them into your church and your community work. Make them feel you needed them. Let's all make a business this year of studying ways to hold our youth and new comers in our county.

SOCIAL

MRS. DALTON BOWERS GIVEN BRIDAL SHOWER LAST WEEK

Mrs. Dalton Bowers, a bride, was the recipient of a delightful shower at the home of Mrs. Arthur Lloyd last Tuesday. The home was beautifully decorated with pot plants, sunflowers and kewpies, in a harmonious color scheme. A short musical program was rendered, after which two children, Henry Nabors and Dorothy Wheeler, dressed as fairies, entered bringing a small wagon loaded with presents.

The wagon was decorated to correspond with the color scheme of the house and Henry Nabors was drawing the vehicle, while little Miss Wheeler held the reins.

Following the presentation of the gifts a delicious salad course was served. About 40 guests were present.

CROSBY COUNTY NEWS FIRST PAPER IN PLAINS COUNTRY

By Hamilton Wright

Crosbyton, Oct. 9.—The first newspaper to be published in the Panhandle Plains section of Texas was the Crosby County News, the father of the present Crosbyton Review, of which James T. Buck is editor. The late James W. Murray was the founder and the first issue appeared in 1886. Its appearance followed the organization of the county, the first on the plains to be made a county entity. The paper was first published at the Quaker village of Estacado. Crosby county was the first county organized in the Panhandle-plains section and therefore lays claim to many "first" things, according to Mr. Buck. The Panhandle City Herald is probably the second newspaper to be published in that large scope of country, having made its initial bow to the reading public July 22, 1887.

According to Mr. Buck the first residence erected on the plains was an imposing two-story rock house, built by the late Hank Smith in Blanco Canyon, about twelve miles north of the present town of Crosbyton. It was commenced in 1877 and finished the following year. Crosby county also possessed the first postoffice established on the plains, in 1887, with Mrs. Elizabeth Smith, wife of Hank Smith, as postmistress. For 39 years she continued this postal station, regarded as among the longest terms of postoffice service in the United States. "Aunt" Hank, as she is commonly termed, is now 74, but hale and hearty.

Among those who have been identified with the early history of settlement in the Plains are Col. R. P. Smyth, city engineer of Plainview; and Rev. J. W. Hunt, president of McMurray College of Abilene.

REORGANIZE COUNTY WELFARE COMMITTEE

DRIVE FOR FUNDS WILL BE MADE SOON; TOWNSEND IS NEW MEMBER.

Reorganization of the Wilbarger County Welfare association, which came into existence last year, and re-election of all members of the executive committee, which has been in charge of the work were effected at a meeting at the court house at 4 p. m. Sunday. Under the organization, the association will confine its activities to the local field, outside of the churches, and will not be allied with the Red Cross or other organizations.

The meeting was held in the county judge's office. R. B. Sherrill was elected temporary chairman and D. M. Hopper secretary.

Dr. E. L. Moore, chairman of the executive committee, reviewed the history of the association and read a statement showing the work accomplished during the year. The welfare association was organized at a meeting of representatives from all civic and religious organizations in town, he stated, and one member from each organization was chosen to make up an advistory council. The council met and elected the executive committee composed of Dr. Moore, Mrs. E. L. McCurdy, M. C. Culberson, Miss Esther Swartwood, and Jed Morrow.

At a recent meeting of the postors' association it was decided that each church in town would look after the needs of its own membership, Dr. Moore said. This agreement does not include transcients who claim church membership, he stated.

Most of the calls made on the Welfare association are from people who are not church members, he explained. The need of funds this winter will be more pressing than for several winters past, in the belief of Dr. Moore.

It was explained that the ministers have agreed to make investigations and administer welfare funds without cost to the organization. Under the arrangements to be observed, each check drawn on funds of the association must have the signatures of two local ministers before it will be honored.

Dr. Moore said that the executive committee had worked hard and had often neglected personal business to aid ill and unfortunate people. He stated that he was ready to resign his place in favor of anybody who would assume its responsibilities.

County Judge McHugh stated that under the law a person must be a resident of a county six months in order to be legally entitled to aid from the county. He declared that this provision had been ignored in some instances where persons were in great need of assistance, but that with the reorganization of the welfare association, he hoped it would not be necessary to to disregard the legal restriction in the future.

"Every community needs a welfare association," Judge McHugh stated. "Many people find themselves the victim of circumstances over which they have no control, and a properly administered fund is a great aid to the unfortunate."

Judge McHugh made a motion that the report of the welfare association as read by Dr. Moore, be received and a vote of thanks extended to all members of the executive committee for their faithful work. The motion carried unanimously.

Dr. R. E. Dickenson, pastor of the First Methodist church and other speakers discussed the confusion which arose last year over the fact that the welfare association and the Red Cross were associated in the drive for funds. The work done by the Red Cross received hearty praise but it was declared that the welfare work should be seperated from other organizations. A motion to this effect was made and carried.

Rev. Lewis P. Kopp, pastor of the Central Christian church, told of his experiences in settlement work in Chicago. Nearly all cases of destitution brought to his attention were among persons who were not members of any church, he declared.

Sheriff Ish suggested that the work of raising funds for the association should be left to committees of women from the churches. He declared that in the past no trouble has been experienced here in raising money to take care of needs in this direction, and expressed the belief that the goal of $1,000 tentatively set for this year's welfare budget could be raised in half a day.

On motion of Miss Lillian Newton, J. W. Townsend, secretary of the Chamber of Commerce, was elected to fill the place on the executive committee occupied by Jed Morrow, who no long er resides here.

Plans for raising funds will be worked out in the next few days by the executive committee. The treasury of the association is practically depleted.

The following statement of expenditures made by the Welfare association during the last year will give some idea of the conditions to be met the coming winter. It will be noticed that 950 garments were given away, and 78 families aided. Miss Esther Swartwood and Mrs. McCurdy, who have taken a most active interest in the welfare work, have made 325 visits in pursuance of their task—an average of almost a visit a day.

Report of Welfare Association Nov. 1921 to Oct. 1922:

Groceries furnished to poor	$368.25
Coal furnished to poor	$ 35.95
New clothes furnished to poor	126.84
Miscellaneous, drugs, R. R. fare	104.69
	$635.73

Given away—
48 pairs of shoes.
21 pairs of stockings.
16 hats and caps.
11 quilts.
10 pairs sheets.
8 pillow cases.
2 pillows
1 bed springs.
1 bed.
724 other garments.
——950 pieces.

Visits made by Miss Swartwood and Mrs. L. E. McCurdy 325.

Families helped, (white)	59
Families helped (colored)	19
Total	78

Some who were deemed unworthy were refused help. Some were helped to find employment.

Balance in the treasury about $20.

The receipts are not given in the above because the books have not been balanced as yet. This will be given later.

NEGRO DEACON'S RESTAURANT INVADED BY FOUR WHITE MEN

Deacon Brown, one of the pillars of the local Negro Baptist church, had uninvited guests last Saturday night. Four white boys living west of Vernon invaded his retsaurant in "Darktown" and insisted on eating there.

Deacon Brown drew the color line and refused to serve them. City officers arrested the quartet on a charge of disturbing the peace and Mayor Mason fined them $10 each.

ORPHANS TO BE SERVED BIG CHICKEN DINNER OCTOBER 22

Fried chicken, crisp and tender, such as only Wilbarger county can produce, will be the toothsome dainty fed to children at the Buckner Orphan's home Oct. 22, under plans made by the Wilbarger-Foard Baptist association.

It is planned to have all chickens assembled for shipment Oct. 19.

Security Benefit Association to Meet

Vernon Council No. 2556, Security Benefit association, will install officers at its regular meeting Thursday night. All members are requested to attend, as there is important business to come before the meeting.

Mr. and Mrs. L. F. Carrington Here

Mr. and Mrs. L. F. Carrington, of Oklahoma City, arrived in Vernon last week for a few days' visit to the former's father, Deputy Sheriff J. W. Carrington.

Mr. Carrington is a railroad express messenger running from Oklahoma City to Kansas City.

Choice grapes and everything fresh at the Vernon Fruit Stand. 1c

MRS. SUMNER BACK FROM VACATION ON WEST COAST

Mrs. Francis Sumner and her daughters, Misses Adele and Mary Tom, have returned from Long Beach, Calif., where they have been spending a vacation. They came back on the same train with Mr. and Mrs. R. H. Shive and their daughter, Miss Olive, who have been at Long Beach since last May.

LEGION CONVENTION TO MEET AT DELIGHTFUL TIME OF YEAR

New Orleans, October 9.—New Orleans has chosen her most delightful period of the year for her "at home" to American Legion members during their national convention, October 16-20.

Train windows will frame scenes of Louisiana's harvest, negro women will be cutting sugar cane, rice and hay, and cotton pickers will be filling their huge burlap bags with downy balls of cotton.

Temperature will range from 65 degrees Fahrenheit at night to around 80 degrees at noon time. There will be very little if any rain the week as the middle of October is New Orleans' dryest period.

Clothes suitable to fall weather in the west and middle west should be worn. Overcoats will be superfluous.

In a word "Indian Summer" weather is reported for the ex-service men's gathering by the government forecast with the assurance that it will be neither too hot or too cool.

For Sale: L. C. Smith typewriter No 5. Price $45.00. See R. E. Williams or phone 364. 78 5c

Postal Clerk On Vacation

G. L. Robinson, clerk at the Vernon postoffice, is enjoying his annual 15 days vacation. One postal employee at a time is given a vacation, under a rotating arrangement, until all have had their annual leave.

STORIES OF GREAT INDIANS

By Elmo Scott Watson

Copyright, 1922, Western Newspaper Union.

CHIEF'S NAME WAS OLD-MAN-AFRAID-OF-HIS-HORSES

DURING the Sioux war of 1866-67 the head chief of the Ogallalas was a man known to his people as Tashunka Kokipapi. Once a careless interpreter translated this name into English as "Old-Man-Afraid-of-His-Horses, and this title, with its implication of cowardice, stuck with him through history.

Accustomed as the white man was to curious Indian names, this one was particularly interesting and many attempts were made to explain it. The literal interpretation that he feared his own horses was scarcely complimentory to a war chief of the Ogallala Sioux. Then there was a story that he owned a great many horses which he was constantly afraid of losing and that once when the Shoshones attacked his camp he left his family in the hands of the enemy to run off his horses.

More creditable was the interpretation of his being such a great chieftain that even the sight of his horses inspired fear in the hearts of his enemies. The true interpretation of his name, as given by his son, Young-Man-Afraid-of-His-Horses, was "He Whose Horse They Fear" (literally: Ta, "his"; shunka, "horse"; kokipapi, "they fear it"). This arose from the fact that he had a vicious pony.

His English name is an example not only of the frequent poor translation of Indian names by the whites but also of the fact that some insignificant thing may be the deciding factor in naming a great Indian warrior. Old-Man-Afraid-of-His-Horses retained his position as head chief of the Ogallala until 1873. At his death in the late '70s the name passed on to his son, Young-Man-Afraid-of-His-Horses, who was prominent during Ghost Dance troubles of 1890-91.

After the troubles were over a Washington newspaper correspondent was sent to interview Young-Man-Afraid. The correspondent took an interpreter with him to the chief's tepee. Young-Man-Afraid asked them to dinner. They ate. Then wanting to do the right thing but not knowing whether it was proper to tip a big Indian chief, the newspaper man dropped three silver dollars into the hands of the chief's wife and had his interpreter say: "In my country a compliment to a man's wife is thought a double compliment."

The interpreter repeated the statement to Young-Man-Afraid who grunted, rose, left the tepee and came back with four more knives!

Revival at Brown Schoolhouse

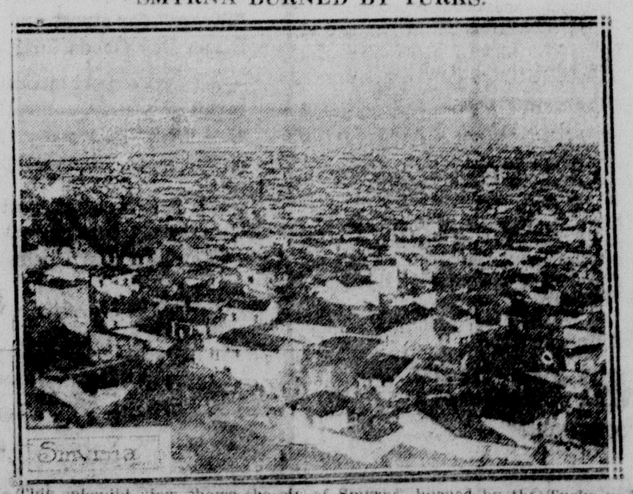

Rev. E. H. Owen, Baptist minister and principal of the Haulk Hill school, closed a successful revival at the Brown schoolhouse, 11 miles south of Vernon, Saturday night. Preaching was held every night during the week. Five persons professed religion.

The Haulk Hill school will open Oct. 30, according to Rev. Owen, who was in Vernon Saturday.

OVERFLOW AUTOMOBILE SHOW AT STATE FAIR OF TEXAS

Three different automobile concerns which could not secure space in the new automobile building at the State Fair of Texas, Dallas, Oct. 6-15, have been assigned space in the Coliseum, on the ground floor. They will exhibit their full lines in this overflow automobile show.

NOTICE—SHERIFF'S SALE.

THE STATE OF TEXAS, County of Wilbarger:

By virtue of an order of sale issued out of the Honorable district Court of Wilbarger County, on 6th day of October A. D. 1922, by the Clerk thereof, in the case of L. G. Hawkins versus B. C. Robertson et al No. 3131, and to me, as Sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for sheriff's sales, on the First Tuesday in November A. D. 1922, it being the 7th day of said month, before the Court House door of said Wilbarger County, in the town of Vernon the following described property, towit:

All of lots 13 and 14 in block 28, Original town of Vernon, Wilbarger County, Texas, levied on as the property of B. C. Robertson to satisfy a judgment amounting to $3111.57 in favor of L. G. Hawkins and costs of suit.

Given under my hand, this 5th day of October, A. D. 1922.

W. A. ISH, Sheriff.
79-4t Tue Wilbarger County, Texas.

NOTICE OF CONSTABLE'S SALE

(Personal Property)

By virtue of an order of sale issued out of the Justice Court, Precinct No. One, Wilbarger County, State of Texas, by T. J. Griffiths, Justice of the Peace for said Precinct, on a Judgment rendered in said Court on the 25th day of September A. D. 1922, and directed and delivered to me as Constable of Precinct No. One, Wilbarger County, Texas, I have levied upon and will offer for sale on the 19th day of October A. D. 1922, between the hours prescribed by law, at public auction to the highest bidder, for cash in hand, at Court House Door Wilbarger County, Texas, the following personal property, to-wit:

One iron gray horse 7 years old, 16 hands high named Boston; One brown horse 8 years old, 17 hands high, named Dick.

The above property is levied upon as the property of M. L. Edmondson and will be sold to satisfy a Judgment in the Justice Court of Wilbarger County, on the 25th day of September A. D. 1922, in favor of Farmers State Bank of Vernon and against the said M. L. Edmondson for the sum of Two Hundred Four and 54-100 ($204.54) Dollars principal with interest at the rate of ten per cent per annum from 25th of September and the further sum of Sixteen and 65-100 ($16.65) Dollars, costs, and all costs accruing by virtue of said suit.

Witness my hand, this 7th day of October A. D. 1922.

B. C. JUSTIN,
Constable, Precinct No. One, Wilbarger County, Texas. 78-2t Tue

Notice To Contractors For State Road And Bridge Construction

Sealed proposals addressed to E. L. McHugh, County Judge, for the improvement of certain highways in Wilbarger County, will be received at the office of E. L. McHugh, at Vernon, Texas, until 10 o'clock, A. M., October 14, 1922, and then publicly opened and read.

Description of Work to be Done

The proposed work consists of the building of structures on 11.55 miles of road on F. A. P. No. 276. Approximate quantities: Class A concrete 381.6 cubic yds. Clas B concrete 14.31 cubic yds.; steel reinforcing 35,485 pounds; type D railing 70 linear ft.; dry structural excavation 213.1 cubic yds. Optional bids will be received for county to pay for materials.

Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of Jno. B. Nabers, County Engineer at Vernon, Texas, and at the office of the State Highway Department, State Office Building, Austin, Texas.

A certified, or cashier's check for five per cent of amount bid made payable without recourse to the order of E. L. McHugh, County Judge of Wilbarger County, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

Proposals shall be submitted in sealed envelopes and marked, "Bids for the Construction of Bridges and Culverts on F. A. P. No. 276 in Wilbarger County."

All bids received will be retained by the Department and will not be returned to the bidders.

Long-Bell Trade Marked LUMBER

More homes!
Yes—but *better built homes.*

That's the important thing.

This is the age of quality. "Not how cheaply can I build, but how well," should be your thought when you pore over home plans, when you consult architects, contractors and lumbermen.

Inferior materials are an extravagance none can afford. For a home, to be a real investment both in *money* and *satisfaction*, must last as long as you care to live in it.

Almost everything that goes into the building of a home bears the trade-mark of some manufacturer who has said to himself:

"If I am to realize my ambitions in building a permanent business I must put into what I make the best of my skill and knowledge, must label it with my trade-marked name, must win for that name an honorable place and *must keep it so.*"

Trade-marks are guides to good merchandise. You have proved it for yourself in buying the food you eat and the clothing you wear.

The most widely used building material that goes into homes is *lumber.* You should *know* the lumber you buy—and you *can.*

For it, too, is trade-marked. You can buy it by brand with the same assurance you buy other trade-marked goods.

The name LONG-BELL on lumber is your guide-mark to lumber and lumber products of uniform quality.

LONG-BELL Lumber has back of it 47 years of honorable enterprise.

LONG-BELL Lumber comes from exceptional stands of virgin timber; manufactured in modern mills.

LONG-BELL Lumber is made by skilled workmen—men who take a personal pride in a product bearing their company's name.

LONG-BELL Lumber is manufactured and graded under the supervision of experts who work to a standard. Each log is cut for purposes for which it is best adapted.

LONG-BELL *lumber is trade-marked. This means unmistakable identification—the same kind of a buying guide you demand on other merchandise.*

You can buy Long-Bell Lumber here.

LONG-BELL LUMBER COMPANY

"IS BETTER—BE CONVINCED"

Frocks For Daytime

New daytime frocks in almost unending selections. Destinctive, individualized creations, to sound the dominant note of fashion themes for Autumn.

HASKELL INTERESTS TO BUILD REFINERY UPON SIGLER LEASE

Sign Contract to Operate Wells For One Year; Will Market Gasoline In Vernon.

More rapid progress on the "biggest wildcat contract in the world"—the sinking of 30 wells on the Waggoner ranch—is expected to follow the signing of a contract between the Haskell interests, which are in charge of the huge development program, and the Sigler Oil Corporation. Under the terms of the contract, which has just been signed, the Haskell interests are to take charge of the two producing wells on the Sigler lease and operate them for a year's time.

A small gasoline skimming plant will be built on the Sigler lease, and production of the wells will be seperated into gasoline and fuel oil. The former will be marketed in Vernon it is expected, while the latter will be hauled by truck to the wells being drilled on the Waggoner ranch.

The Haskell interests are headed by Exgovernor C. N. Haskell of Oklahoma, and are said to have a backing of millions of dollads. E. C. D'Yarmett is field superintendent for this district, in active charge of the Waggoner ranch tests, several of which are nearing the depth where pay sand is expected.

The tests will be drilled at intervals from the edge of the Electra field to the neighborhood of the Sigler leases, and should determine definitely the presence or absence of oil on the vast stretch of land betwen the two fields.

Work at the Sigler wells already has been started, and flow tanks are being erected to care for the oil. The contract with the Sigler company is expected to save the Haskell interests a large sum of money on fuel oil.

The contract will not interfere in any way with new development on the Sigler leases, which comprise about 2,500 acres. The only wells which Mr. D'Yarmett's company will be interested in are the ones from which production already has been secured.

The skimming plant is expected to be in operation in sixty days. It will be the first "refinery" in the vicinity of Vernon, and as such it will command unusual interest.

One of the biggest problems the Sig-

(Continued on page 2.)

RAZOR ENDS LIFE OF W. M. MELTON

FINANCIAL WORRY HELD RESPONSIBLE FOR ACT OF TOLBERT FARMER

W. M. Melton, 51 years old, a farmer residing on the old Swinburn place, two miles this side of Tolbert, died shortly after 10 a. m. Sunday from wounds self inflicted with a razor. Financial worry is held responsible for his act.

According to members of Mr. Melton's family he arose early Sunday morning and went out to the barn. When his wife called him to come to breakfast he did not respond. A search was instituted and he was found beside the barn with a jagged wound across his throat.

A local physician was summoned and made a hurry call to the Melton home. Examination disclosed that the injured man's windpipe had been almost severed while the razor blade had barely missed the jugular vein. Several strokes had been made with the razor, which was found folded up beside Mr. Melton. An operation was performed in an effort to save his life, but he died within three hours after being injured.

Funeral services were held at the home at 2:30 p. m. Monday with Rev. Tooley, Methodist circuit rider, officiating. Interment took place in East Wood cemetery, near Vernon.

Mr. Melton was formerly a resident of Vernon and at one time was an auctioneer here. Later he was a clerk in a store. He is survived by his wife and several children.

WILBARGER COUNTY EXHIBIT AWARDED FOURTH AT DALLAS

Fine Showing Made By Local Products In Competition With All Sections of State.

Wilbarger county won fourth place in the county exhibits at the state fair at Dallas, in competition with counties from all over the Panhandle and from Central and South Texas, according to a telegram received today by Secretary Townsend of the Chamber of Commerce from Miss Eula Goodfellow, home demonstration agent.

The Wilbarger county exhibit is making its third showing this season. It was shown at the county fair here, and also at the Texas-Oklahoma fair at Wichita Falls. Miss Goodfellow and P. D. Chaney, county extension agent, are in charge of the booth at Dallas.

Winning fourth place is considered a remarkably fine record, in view of the extremely unfavorable weather conditions which farmers have had to face this year.

The county exhibits are judged on a fixed basis, a certain number of points being awarded for each product. Exhibitors are allowed options in a few cases, between different products.

Secretary Townsend received word yesterday that Wilbarger county had been penalized 25 points for arriving late with its exhibit. He immediately called the fair management and protested against this ruling, and reminding the officials that special permission had been secured by the management of the Texas-Oklahoma fair to enter the exhibits shown there, without being penalized. The Dallas fair management stated that no penalty would be exacted from Wilbarger county.

WILD GEESE TRAVEL IN VAN OF SEASONS FIRST NORTHER

Breaking a long hot spell, the first norther of the season swooped down upon Wilbarger county at 2 a. m. Saturday morning, bringing a spray of sand. The wind was very hard for a short time, and an electrical display accompanied th estorm. The thermometer dropped 30 degrees in 10 hours. A flock of geese seen over Vernon late Friday afternoon, winging their way south, gave old-timers room to propiesy a change in weather.

Dreams of householders asleep Friday night were troubled by visions of empty coal bins and stoves still reposing in the garage or the cellar. Saturday morning, feeling ail "pepped up" by the bracing weather, a number of men started their annual battle with stubborn stove pipe.

NEGRO COTTON PICKER DIES AFTER HARD DAY'S WORK

Ed Houston, a negro who has resided in Vernon two years, died suddenly Friday afternoon while being carried to Vernon from the Greene farm four miles west of Fargo. Williams and ris wife have been residing in a servants' house back of the L. P. Bonnar residence, but about three weeks ago he went to the country to pick cotton for Ed Williams.

Thursday he picked 388 pounds of cotton. About noon Friday he began to complain of a pain in his chest, and at 3 p. m. he was started to Vernon, in a hack. He died before the vehicle reached this city.

Justice of the Peace T. J. Griffiths rendered a verdict of death from natural causes.

MR. AND MRS. T. H. SHIVE RETURN FROM CALIFORNIA

Mr. and Mrs. T. H. Shive and their daughter, Miss Olive, have returned from Long Beach, Calif., where they went last May on a vacation trip. Mrs. W. B. McCaleb, a married daughter, and Tom, Jr., and Miss Mary Myatt Shive, two other children, and Sam Napier of Napier Bros. Motor Co., went with them to Long Beach, but returned here in September.

"We saw many people we knew while we were on the West coast," Mr. Shive said Saturday. "We had a splendid time but are glad to be back at home."

The trip was made by train.

Vernon Man to Lead T. C. U. Against Simmons Cowboys

JUDGE GREEN

"Judge" Green Captain of Horned Frog Team Which Is to Clash With Western Eleven.

When the Texas Christian University Horned Frogs meet the Simmons College Cowboys at Wichita Falls Athletic park next Saturday, a Vernon boy will be one of the formidable members of the former eleven, as tackle and captain of the team. He is Aubrey D. Green, better known as "Judge." He was reared here, and his parents, Mr. and Mrs. D. L. Green, reside at 298 East Pine street.

"Judge" Green is a two letter veteran of the Horned Frog machine, and is in his fourth year at school on the team. He is 23 years old and weighs 175 pounds. His work last year was one of the deciding factors in Horned Frog victories over such teams of the University of Tulsa, Missouri, Ostee paths, and University of Arkansas.

Charley B. and Miss Regena Green will be interested spectators at Saturday's game and will watch their brother match his veterans against the mountain of brawn represented by Simmons College. Henry Rogers, Jr., and Leil Buchanan, grandchildren of Mr. and Mrs. Green, also will watch with the hero worship usually ready to be accorded an uncle. The parents are undecided whether they will be able to make the trip to Wichita Falls. Many Vernon football fans will attend the game, according to expressions heard on the streets.

The T. C. U. aggregation is coming with the determination to fight to the last second to get revenge for the 10 to 7 defeat administered to them last year at the West Texas Fair, while Coach Hay's husky eleven from Abilene will be there just as determined it shall claim another victory this year.

With seven letter men back this year, including two star back field men, Yeager the sensational quarterback, the Cowboys will take the field as one of the most formidable football machines ever turned out at Simmons.

Coach McKnight of the T. C. U. Horned Frogs is building his team around his eight letter men. With thirty-five men fighting for positions, he does not lack first-class material. He announced that the line will not be quite as heavy as last year and that the back field will be lighter, too. The team will miss the passing ability of Boob Fowler, but Bill Honey seems to be rapidly filling his shoes.

Returns from New Mexico

M. F. Hardison returned Saturday from New Mexico and Colorado, where he visited with relatives and friends. Mr. Hardison visited with Mr. and Mrs. R. B. Turner while at Rotan, N. M., and states that Mr. Turner is doing well after a siege of sickness.

PLAINTIFFS WIN IN FARGO SCHOOL SUIT

JUDGE P. A. MARTIN RULES BUILDING MUST REMAIN AT FORMER SITE

The Fargo district case, in which C. S. Mason, W. H. Beavers, J. R. Green and J. C. McGill, patrons of the Fargo school, asked an injunction to restrain trustees of the school from removing the schoolhouse from its old site or building 2 structures in the district, resulted in a victory for the plaintiffs, after a trial Monday in district court, Judge T. A. Martin of Wichita Falls presided, in the absence of Judge Nabors.

Judge Martin sustained the plea to make the restraining order perpetual and issued a writ of mandamus requiring the trustees of the school to proceed with the building of a new schoolhouse on the old site and to make adequate provisions for starting and maintaining a school, as soon as the building is completed.

The Fargo schoolhouse was destroyed by fire last spring. Two members of the school board, which is composed of J. S. Mason, W. B. Lovelace and J. T. Marr, favored moving the building to a new site. A number of patrons opposed the move and in May a hearing took place before County Superintendent L. A. Hollar, who rendered a decision in favor of the old site. Two of the trustees appealed to the county school board, which, after going into the matter, upheld the county superintendent.

Agitation was then started to divide the district, but since a bond issue had been passed, this could not be done. Later a move got under way to build two school houses in the district.

Four patrons of the school then went before Judge Napier of Wichita Falls and asked for an injunction to restrain the trustees from moving the school site or erecting two buildings. Judge Napier granted a temporary injunction and the case was set for a hearing this month. Judge Martin's decision yesterday was the third victory won by those who favor the old site. Notice of appeal was filed by the defendants.

The plaintiffs were represented by Berry, Stokes and Killough, and the defendants by Bonner, Storey and Storey and Cook and Nicholson.

Rayland Farmer Dies In Act of Examining Financial Statement

Frank Williams, a farmer residing near Rayland, in the south part of Wilbarger county, died suddenly Sunday morning at the home of a neighbor. Death was due to heart failure.

Mr. Williams had gone to the Wood Beazley farm to visit F. Fuller, according to word received here, and was sitting in the dining room going over a bank account with his host. He swayed and fell, and examination diclosed that he was dead.

Mr. Williams was about 35 years old. He leaves a wife and children.

13,436 BALES GINNED IN COUNTY TO DATE

GINNING EXCEEDS LAST YEAR BY PRACTICALLY 1,000 BALES—WEATHER FAVORS PICKERS

Continued fair weather has enabled farmers to gather the Wilbarger cotton crop rapidly during the past week.

The Record's report today from all gins throughout the county, including Rayland, which is just over the line in Foard county, show that 13,436 bales have been ginned to date. It is estimated that more than 75 per cent of the cotton ginned at Rayland is raised in Wilbarger county, and a large percentage of the staple marketed in Vernon.

Exceeds Last Year

On October 11, 1921, the Record's published report showed that the county had ginned 12,445 bales up until that date. This year's report exceeds that of last year by 991 bales.

Today's report by gins for Vernon is as follows: Vernon gin 1,328, Peoples gin 1,510, Farmers gin 1,228, Farmers and Merchants gin 815, Planters gin 1,510.

Other gins in the county have turned out the following number of bales: Oklaunion 455, Harrold 360, Fargo 1,040, Lockett 1,310, Rayland 885, Tolbert 390, Parsley Hill 570, Odell 1910 and Elliott 325.

TURKS DRIVE GREEKS INTO SEA.

This photograph, taken under fire, shows the Turkish Nationalist troops of Mustapha Kemal, in open order formation, advancing against a Greek rear guard in the hills around Smyrna.

CROWELL DEFEATED BY LOCAL ELEVEN

THREE MEMBERS OF VISITING TEAM TAKEN FROM GAME BECAUSE OF HURTS

Vernon High School defeated Crowell at the local fair grounds last Friday, 26 to 6, in a game which was hard fought in spite of the one-sided score, and in which the Crowell players suffered a number of accidents.

Vernon took the offensive at the starting whistle and scored a touch down in the first few minutes of play. The local eleven proved unusually effective on center and end plays, and their center offensive several times completely baffled the visitors.

As the game approached the end of the first half, Crowell braced up and carried the ball towards Vernon's goal line in a series of line bucks which netted steady gains. Near the ten yard line they attempted a forward pass twice in succession and failed and the ball went over.

Three Crowell players were taken out of the game on account of injuries. J. R. Carter, right half for the visiting aggregation, sustained a sprained knee when he was tackled by Reed. Roy Buckley o fCrowell had his nose broken in the first few minutes of play, and was taken out. B. I. Glover, another Crowell lad, sustained a broken rib.

Spectators of the game held their breath when the roof of the judges stand at the race track, just back of the football grounds, collapsed under the weight of about a dozen younksters ranging in age from seven to 12. None were hurt.

Vernon high, undefeated so far this season, is scheduled to meet Wichita Fall high school eleven Friday at 3:30 p. m. at Wichita Fals. The latter team also has an unbroken record this season. The local eleven will leave here at noon in cars.

Vernon's lineup last Friday follows:
Rogers, R. E.
Thompson, R. T.
Key and Streit, R. C.
Shive and Robinson, C.
B. Reed, L. G.
Smith, L. T.
Fergeson, L. E.
Hollor and Williams, Q.
Withers, R. H.
H. Bourland and C. Bourland, L. H.
Walker and Justin, F. B.

Negro Wears a Pair of Shoes Which Cost $84; Stole 'em, Bought 'em

A Vernon negro has the distinction of wearing the highest priced pair of shoes in Texas. They cost him a few cents over eighty four dollads.

He was caught by city officers after he had stolen the shoes from the Brunson and Williams Drygoods company a few days ago, and fined $50 and costs, or a trifle more than $72.

Saturday he came to the drygoods store and bought the same pair of shoes he had stolen paying $12 for them.

LION'S CLUB HEARS TALK ON POULTRY

R. B. GALBRAITH MAKES PLEA FOR SUPPORT OF HIGH SCHOOL ELEVEN

"We can exceed the record made by Hale county last year in marketing $2,000,000 worth of eggs and chickens," Adam Donges, president of the Wilbarger county poultry association, declared in an address last Friday before the Lions' Club at its weekly meeting and luncheon at the White Rose cafe. "In climate, soil and other factors entering into poultry raising, we are as favorably located as Hale county or any other county in the state."

Mr. Donges' address dealt with possibilities of the poultry industry in Wilbarger county. He asked the support of the Lions' Club in the annual poultry show, to be held here in December. The club voted to aid the project in every way possible.

R. B. Galbraith, head of the manual training department and athletic director of the high school, made a plea for support of the football squad, stating that the backing of civic organizations, business interests and the general public is necessary if Vernon is to maintain a winning team. The Lion's Club has been very active in giving moral and financial backing to the local eleven.

Three persons besides Mr. Galbraith were guests at the club. They were Lewis P. Kopp, minister of the Central Christian church, Robert E. Dickenson, pastor of the First Methodist church, and I. A. Boyles, a farmer residing near Chillicothe.

Following the talks by members and visitors, a short program of stunts and fun was enjoyed.

MISS LILLIAN NEWTON ON PROGRAM AT STATE MEET

Miss Lillian Newton, librarian of the Public Library, will be one of the speakers at the annual meeting of the Texas Library association, to be held in Austin Oct. 25, 26 and 27. Her subject will be "Unique methods of financing and increasing interest in the needs of the smaller library."

Miss Newton plans to leave Vernon on Oct. 24 for Austin. Several hundred delegates will be in attendance at the meeting and a program of general interest has been prepard. In addition to speakers of prominence in Texas library circles, a number of leaders from other states will take part in the program.

CROWELL MAN ROBBED WHILE TRYING ON SUIT OF CLOTHES

A Crowell man who came to Vernon last Saturday to trade, lost about $20 in a local drygoods store, when thieves went through his old trousers while he was looking to see if a new pair fit.

City officers made an arrest, but the victim was unable to furnish identification and the suspect was released.

ALTA RICHARDSON DIES FROM EFFECT OF GUNSHOT WOUND

Member of Fargo Serenading Party Loses His Fight for Life—Funeral Will Be Held Today.

Alta Richardson, 21, one of two young men from Fargo who were wounded by pistol shots as they approached a farm home in company with about 50 other young people on the night of September 25, died in a local hospital at 5 p. m. yesterday from effects of the wound.

According to evidence produced at a court of inquiry held last week before Justice of the Peace Griffiths, the young people were approaching the home of Mr. and Mrs. William Riggins, on a farm owned by Frank Ketchersid and located two and a half miles from Fargo. Mr. and Mrs. Riggins had been married the previous Saturday.

As the vanguard of the party, which was planning to serenade the newly wedded couple, reached the Riggins home, three shots were fired from the dark, and Mr. Richardson and Bernard Richards, another young man of Fargo, fell to the ground.

They were brought to Vernon and placed in a hospital, where an operation was performed on each. Both seemed to be recovering, but early Sunday Mr. Richardson's condition suddenly took a turn for the worse. Tetanus developed and he died in 36 hours. Bernard Richard is thought to have a good chance for recovery.

Emmet Ketchersid, one of the crowd which went on the serenading party, was placed under $1,500 bond by county officials the day followng the shooting, on a charge of aggravated assault. At the court of inquiry, some of the witnesses to the affair placed the blame for the shooting on Mr. Ketchersid. Three shots were fired, it was stated, but whether one bullet wounded both men or whether they were struck by different bullets seems to be in doubt.

Alter Richardson was well known in Vernon, where he was engaged in the dairy business last fall and winter. His home was between Fargo and Doans, where his parents, Mr. and Mrs. J. P. Richardson reside.

Funeral services will be held at 3:30 p. m. today at the Fargo cemetery, where interment will take place. A number of Vernon people left shortly after noon toiday to attend the funeral.

BUSINESS MEN IN OPTIMISTIC MOOD

BANK DEPOSITS MOUNT AND LOCAL MERCHANTS ENJOY BRISK TRADE

The last two weeks have been banner ones for business men over the county, according to numerous expressions heard Saturday. Local banks have swelled their deposits by many thousands of dollars, while merchants have enjoyed large sales.

Optimism over business conditions in the county has been increased by the fact that the cotton crop is apparently much better than early forecasts would lead one to believe, while the price of the staple has held in the face of extensive selling over the country.

From information gathered by J. V. Townsend, secretary of the Chamber of Commerce, a large acreage will be planted to wheat if fall rains set in early enough to justify planting. This is held to be an encouraging factor in the business situation, as a good wheat crop next spring will add greatly to the prosperity of the farmers, and thus aid business conditions generally.

Local merchants and bankers also are enthusiastic over the wide variety of products now being raised on Wilbarger county farms, and the greatly increased interest being taken in blooded livestock and good poultry. These interests bring farmers ready money at all times of the year, and many farmers who are practicing diversification find themselves in good shape financially even before they market their cotton crop, it was stated.

WAYS OF THE FOOL TOLD BY MINISTER

DR. DICKENSON PREACHES INSPIRING SERMON AT FIRST METHODIST CHURCH

Dr. Robert E. Dickenson, pastor of the First Methodist church, Sunday night preached an inspiring sermon, using as a text the scripture, "The fool hath said in his heart, 'There is no God.'"

This verse is a good Bible definition of a fool, Dr. Dickenson declared. The fool lays out his course in life, and makes all his plans for the future, without taking God into account. He acts as if there were no Deity, compassionate but also just, who will deal justly with his children. "They ways of a fool is right in his own eyes."

Dr. Dickenson quoted the parable of Jesus about the two men who went to the Temple to pray—the tax gatherer and the Pharisee. The latter had many good points to his credit, it was stated, but he was a self righteous man and hence foolish.

Dr. Dickenson condemned a number of modern day practices as being those of a fool. Unjusts weights and measures have enabled many persons to amass wealth at the expense of their friends and customers, he declared. He told the story of a fisherman whose fabulous tales of "big catches" were not understood until a neighbor sent to borrow the scales he used to weigh his fish. The neighbor wished to weigh a new baby. On the "fish" scales it weighed 40 pounds.

An unfair man, one who cheats through false weights, or one who exacts usury, is a thief in the sight of God, the minister declared. Saint Paul classes such a person with the murderer and the idolater, he said.

The minister dwelt on slander as a sin condemned in the Bible, but widely practiced today. "He that uttereth a slander is a foolish man."

Many young people are driven in the road of destruction by careless remarks made about holy things, he stated. And many people who go wrong find their road infinitely harder when they do turn their faces toward the light, through the spiteful remarks about them by others.

A tableaux in which four young women, dressed in white, took part, songs by a quartet and a solo by Mrs. E. C. Christian were special features of the service.

VERNON MAN TO SING TONIGHT OVER RADIO

Edwin Lisman, Vernon man who has won a wide reputation as a singer, will entertain friends here, as well as thousands of miles away, over the radio tonight at 10:30, when he sings in the broadcasting studio of the Dallas News. Mr. Lisman was requested by the management of the state fair recently to appear on the program, and accepted the request.

Mrs. Helen Founts Cahoon, of Fort Worth, who has many acquaintances in Vernon, also will be heard in tonight's Dallas News concert.

Three Couples Married Here

Three weddings in three days have been performed by Justice of the Peace T. J. Griffiths, Vernon's "marrying squire." Raymond Spears and Miss Belle Beanbran, both of Durant, Okla. were married at Mr. Griffiths' office Saturday afternoon. George Plumlee and Miss Mary Gallimore were united in wedlock at Mr. Griffiths' home, at 2:30 p. m. Sunday. J. S. Harris and Mrs. Lizzie Harris, of Electra, were married at the court house at 4 p. m. Monday.

Home Science Club to Meet

The Home Science Club will meet Friday afternoon, October 13, at the home of Mrs. B. A. Williams. An interesting program has been prepared.

JAPANESE DRUG KING ONCE WAS A GARDNER

Twenty years ago H. Hoshi, a Japanese, landed on the Pacific Coast, with less than $100 and went to work as a truck gardener. He saved enough to go East and graduate in 1901, from Columbia University, with a degree in economics. Returning to Japan, he entered the drug business and today is the drug king of the Island Kingdom, worth more than $9,000,000. He has just established a $1,500,000 institute in Meguro to provide free education to ambitious Japanese.

HOME ECONOMICS CLASSES START DRIVES FOR FUNDS

Girls' home economic classes at the high school, their ambition fired to attend the state clothing contest at Waco next spring, are launching a program to raise money for paying the expenses of all girls who can qualify as delegates to the meet.

The first year class has elected Miss Eunice Davis as president and Miss Elizabeth Hick as treasurer. Girls of the class will start their money raising campaign today with a candy sale down town.

Miss Allene Ashenhurst was chosen president of the second year class and Miss Lena Tolbert, treasurer. The organization has perfected plans for holding a candy sale Thursday.

Miss Clara Leutwyler is president of the third year class and Miss Leslie King treasurer. Their organization sold cold drinks and pop-corn at the football game at fair park last Friday, and has made an encouraging start in gathering a bank ccount.

Among the aims of the classes, which are under direction of Miss Valeria Reynolds, is making and wearing practical and healthful clothing.

WEST TEXAS TODAY MERGED WITH SUGAR LAND MAGAZINE

West Texas Today, the official organ of the West Texas Chamber of Commerce, has been merged with the Texas Commercial News, a weekly magazine published at Sugar Land, Texas near Houston. Beginning with the issue of Oct. 7, four pages of the Texas Commercial News will in each issue be devoted to news of the West Texas Chamber of Commerce, under the heading, "West Texas Today," according to announcement in the Sugar Land magazine.

For the last two years the magazine has been issued by the Chamber of Commerce, first as a quarterly and later as a monthly. Hamilton Wright, publicity manager of the West Texas Chamber of Commerce, will run the department devoted to West Texas interests.

PLAN ENFORCEMENT OF TRAFFIC LAWS

CITY ORDINANCES NOT BEING OBSERVED, CHIEF OF POLICE KEY SAYS

Violation of city ordinances by automobile owners have become so frequent that city authorities will wage a campaign to see that the laws are enforced, Chief of Police Key stated yesterday. Among the most frequent violations are parking cars parallel to the curb and parking at fire plugs, Mr. Key said.

"It has become the practice of automobile drivers to stop and stand their cars parallel with the street curbs," Mr. Key declared. "This is a violation of the law, Section 1, City Ordinance No. 374, provides:

"That it shall be the duty of all persons owning or operating or having under control or in their charge or custody any vehicle upon the streets of the city of Vernon, Texas, to observe and conform to the following rules and regulations:

Section 2.

No vehicle shall stop and stand in any street unless said vehicle is parked against the curb in such a position that the right front wheel shall be against the curb, and if said vehicle is horse drawn the horse or horses must stand within 12 inches of the curb.

Section 3

No vehicle shall be parked in any alley.

Section 4.

No vehicle shall stand backed up to the curb except when actually loading or unloading, and if said vehicle is horse drawn the horse or horses must stand as nearly parallel to the curb as is possible, and be headed in the direction of the traffic, and in no case shall it stand longer than the actual loading or unloading is required.

Section 5

No vehicle shall be driven through a procession except by permission of a police officer and under his direction.

Section 6

No vehicle shall stand within any street intersection, nor nearer than 15 feet to the property lines on the intersecting street, nor shall any vhicle stand or be parked nearer than 15 feet of any fire plug nor 5 feet of a mail box.

Section 7

No person shall ride any bicycle or motorcycle along or upon any sidewalk within the city.

Section 8

No person shall run or operate any loaded truck, having sufficient weight to injure any pavement across or over any of the paved streets or alleys within the corporate limits of said city.

Section 9

No person shall stand or park any vehicle in front of or near any gasoline supply station in such way as to prevent free and safe access for vehicles to and from such gasoline supply station, nor shall any person stand or park any vehicle in front of or near any space marked, "DON'T PARK HERE."

Section 10

No person shall hitch or tie any horse to any lamp post or awning post or awning post within the city limits.

Section 11

No person shall drive or operate any vehicle of any kind over any fire hose while lying on or stretched across any street or alley of the citf.

Section 12

No person shall skate slide or roll upon roler skates or ride, propel or push any wagon, vehicle or other contrivance with wheels on, along or across any paved sidewalk within the fire limits of the city, provided, this ordinance shall not be construed so as to prefent the use of baby buggies or perambulators for the purpose of conveying infants, nor the use or chairs for infirm persons, or trucks for transporting goods.

Section 13

It shall be unlawful for any person riding a bicycle, motorcycle, tricycle or on roller skates, or any pedestrian to take hold of any moving vehicle for the purpose of riding along, by or riding upon said moving vehicle.

Section 14

No horse shall be left unattended on any street unless securely fastened, where any horse is fastened to a weight, such weight must not weigh less than 15 pounds.

Section 15

The provisions of this ordinance, shall be cumulative of all existing laws now in force relative to the subjects to which they relate.

Section 16

Any person violating any of the provisions of this act, shall be deemed guilty of a misdemeanor and upon conviction shall be fined any sum not less than $5.00, nor more than $200.00.

R. H. COFFEE RUNS INTO PIE SUPPER AT MULESHOE

R. H. Coffee returned Sunday from Clovis, N. M., where he went last week in company with Dr. S. M. Johnson, general director of the Lee Highway. Mr. Coffee and Dr. Johnson left Vernon in the former's car Friday morning. That night they had rare luck in driving into Muleshoe, in Bailey county, just as a big pie supper in which half the inhabitants of the county participated, got under way. There were games and good things to eat and a good time such as the hospitable men of far Western Texas know so well how to supply.

Mr. Coffee and Dr. Johnson drove into Clovis Saturday morning. The latter went on to Roswell, where he planned to take a train back to Washington, D. C. his home.

HASKELL INTERESTS TO BUILD REFINERY UPON SIGLER LEASE

(Continued from page 1)

ler interests had to face has been the profitable marketing of oil from the wells, with no pipe line connections. The contract will be of benefit to the company, in that it will relieve it of this problem, it is thought.

The No. 1 well of the Sigler company was the discovery well which initiated the historic oil boom of 1920. It is said to be still capable of producing from 25 to 50 barrels of oil per day. The Sigler wels have not been operated for some time.

On the Waggoner ranch, three wells are now drilling with cable tools and a fourth is scheduled to be started in about 10 days.

Interest in the Heinzerling Oil Corporation's No. 1 test on section 80, block 17, has been augmented by finding of additional gas and oil sands. The well is drilling at 1,700 feet with standard tools, in eight and a quarter inch casing.

Two productive gas sands have been encountered, one at the level of the heavy gas flow struck in the Castlebury well, a mile to the east, and the second at a greater depth. At about 800 feet more than 100 feet of oil bearing sand was passed through.

According to W. H. Heinzerling, president of the company, at least three more oil bearing sands are expected before the well reaches a depth of 2,100 feet, which under present plans, is as deep as it will be drilled. A sand struck last Thursday which yielded a good showing of light gravity oil, Mr Heinzerling stated, but on testing out it did not show for commercial production.

The well at present is making a gas flow of more than 1,000,000 feet, according to Mr. Heinzerling.

The corporation will start its second test within a month on the 500 acre tract where the present well is being drilled, it was stated Saturday.

Fidelis Class Entertains

The Fidelis class of the First Baptist Sunday school entertained the Young Men's class Thursday evening at Allingham park with a weenie roast. About 40 were present and all reported an enjoyable evening.

MATCHLESS CAST IN "BEYOND THE RAINBOW"

At the Vernon Theatre Wednesday and Thursday.

A cast embracing many of the most prominent personalities in the American theatre presents Wm. Christy Cabanne's bik mystery drama, "Beyond the Rainbow," distributed by R-C Pictures and showing at the Vernon Theatre Wednesday and Thursday.

Among those who appear are Helen Ware, Lillian (Billie) Dove, Rose Coghlan, George Fawcett, Edmund Breece, Marguerite Courtot, Diana Allen, Macey Hariam, Huntly Gordon, Harry Morey, William Tooker, Virginia Lee and Clara Bow beauty contest winners; James Harrison, Walter Miller and Charles Craig.

In the production of "Beyond the Rainbow," Mr. Cabanne has achieved one of the biggest directorial accomplishments in his career. In addition to the extraordinary cast, it possesses all the sure-fire ingredients of real entertainment.

The story has to do with the adventures of Marion Taylor, a young woman—the role impersonated by Miss Dove—who is employed in a downtown New York office. She is the support of an invalil brother and her mother. Fate gives her an opportunity to attend a reception at which she meets many social notable, but a man is shot at the ball and a gun is found in the possession of one Bruce Forbes, of whom Marion has become quite fond. Then begins a story as mysterious as the future of life itself and suspense is maintained until the end. It is best, perhaps, to withhold the details so that a real surprise may be enjoyed by those who see the story, depicted, on the screen.

Interwoven in the mystery theme is a story of poignant feeling, of heart interest seldom matched on the silver screen. The photoplay, while of especially storng appeal to women, also is calculated to interest men and young folk, too, because all the word likes a good mystery yarn.

FARM AND RANCH LOANS
I have a large amount of Life Insurance money to lend on farms, ranches and city property in Wilbarger County. Our interest rates are very reasonable, and our loans are inspected and approved by a Vernon man, which insures the borrower quick and efficient service. If you desire to borrow money on real estate or renew notes that will mature in the near future, see me and I will give your business my attention at once.

BIG FALL CROP OF MOSQUITOES HERE

SUGGESTIONS FOR KILLING PESTS ARE MADE BY HEALTH DEPARTMENT

The biggest crop of mosquitoes hatched in Vernon this season has been nurtured by the exceptionally warm weather of the last three weeks and according to local physicians there is some danger that the dengue fever, which has swept Central and South Texas and is still raging, will spread here. One or two cases of the fever have already been reported here. The disease is carried only by mosquitoes, according to health experts, and will cease to spread when cold weather approaches. The mosquitoes also constitute a menace from the standpoint of malarial fever.

The following suggestions regarding mosquitoes and ways to combat them are made by the state health department:

Malarial mosquitoes breed in still water and in the pools and grassy edges of running water. They lay their eggs on the surface of the water. These eggs float, and in a few days hatch into larvae, or "wiggletails." These live in the water, and in time turn pupae, or "tumblers," which turn into mosquitoes. There are four changes in the development of mosquitoes just as for butterflies: the eggs for both; the larvae in place of the caterpillars; the pupae in place of the crysalis, and the mosquitoes in place of the butterflies. For mosquitoes all these changes must take place in water, and for anopheles (malarial mosquitoes) will take from 12 to 16 days in summer weather or longer in cool weather.

"The Anopheles larva lies at the top of the water and parallel to it, for all the world like a basking pike. The larvae of other mosquitoes hang from the top head downward. If the larvae are touched, they will always dive. If the Anopheles larva is touched, while it may dive, it will generally "scoot" backwards along the top of the water. They are are not a bit alike, and once seen no one will ever mistake one for the other.

"It is far more important to recognize the larvae of Anopheles than the mosquitoes themselves, because this enables us to find their breeding places and hence destroy them.

Anopheles prefer to breed in clean water, in small, shady pools with grassy edges; if with grass growing in them so much the better. A marshy piece of ground with many small pools among bullrushes and sedge, is an ideal place. The grassy edges and quiet pools formed by obstruction on small streams are also favorite places, as are cattle tracks. They have no objection to running water unless running swiftly. Some species breed well in large ponds.

"They occasionally breed in almost any collection of water, un less it is very foul; shallow wells, water barrels, tin cans, etc., especially if they have leaves or grass in them or the green algae—"frog moss." Generally, however, they avoid barrels, cans and other artificial containers, unless they have grass, moss, etc. in them.

"Since it takes usually about 14 days for the eggs to produce the mosquito if a collection of water dries up completely in less than 14 days, it is not likely to breed Anopheles mosquitoes.

BOYS' AND GIRLS' CLASSES TIE IN "AUTOMOBILE RACE"

The "auto race," being conducted by the Sunday school of the Central Christian church has reached an interesting stage. The boys' class and the girls' class have tied for honors in reaching a "refreshment station" and both classes will be the guests of the Sunday school at an entertainment Friday night. The date for the event has been changed from Thursday night on account of a conflict with another event.

Committees on refreshments and entertainment have been appointed by the Sunday school, and an all-round good time is promised Friday night.

1,320 AT SUNDAY SCHOOL CLASSES

TWO-THIRDS OF HIGH SCHOOL STUDENTS ENROLL FOR BIBLE STUDY

Combined attendance at the Sunday schools Sunday was 1,320, according to figures compiled yesterday. While this number is not as large as that of the previous Sunday, when rally days were held at three of the churches, it is considered a remarkably good showing. All churches report increasing interest in Sunday school work.

Attendance by churches was reported as follows: Methodist, 405; Baptist, 395; Central Christian church, 190; Presbyterian, 158, Church of Christ, 172.

Attendance at the Central Christian church was 25 larger than on rally day last Sunday and broke all records for the Sunday school, Rev. Lewis P. Kopp minister, pointed out yesterday.

The Bible classes being conducted each Monday morning at the churches as a part of the regular high school work reported greatly increased enrollment this week. The increase in enrollment follows: Methodist, 13; Baptist, 3; Central Christian, 1; Church of Christ, 2; Presbyterian 2. Total 20. About 190 pupils, or approximately two-thirds of the high school students are now taking Bible study at the churches. The work will count a half unit.

Vernon high school is one of the first in Texas to adopt Bible study as a part of the regular curriculum. It is planned to extend the work to the grade schools next year.

ECONOMICS CLUB WILL BE GUEST OF SCIENCE CLUB

The Home Economics club will be guest of the Home Science club Friday afternoon at the home of Mrs. B. A. Williams of West Wilbarger street.

This initial meeting of the year has been designated as officers' day and Mrs. J. N. Johnson, president, will deliver an address outlining the plans for the new club year.

Mrs. A. S. Ross, parliamentarian, will discuss the constitution and by laws of the club at this session.

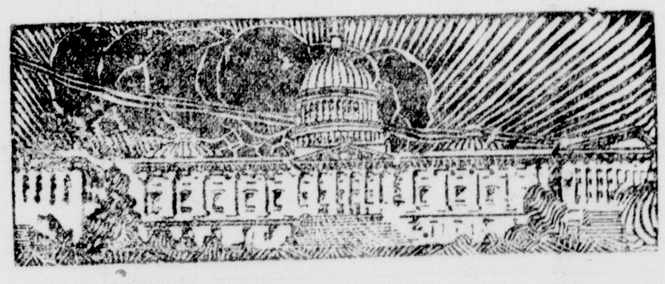

The assistant hostesses will consist of the president and her cabinet, Mesdames J. N. Johnson, M. C. Culbertson, B. A. Williams, N. R. Heath, J. O. Rouse, J. E. Collins and A. S. Ross.

The members are urged to attend this first meeting and pay their dues.

Abilene Man to Preach at Fargo

R. C. Bell of Abilene will preach at the Fargo Church of Christ this next Saturday night, Sunday and Sunday night. Everybody is invited to attend the services.

EDITORIAL

—CONFIDENCE—

REAL, TRUE, LASTING, PROSPERITY COMES ONLY WITH CONFIDENCE. Confidence in each other; in our community and in our country.

The disgruntled Pessimist has no place in this scheme for the Good Times which may always be ours if we so will. WAITING FOR SOMETHING TO HAPPEN MEANS NOTHING WILL HAPPEN AND BUSINESS STAGNATION PREVAILS. Squeezing every cent may lend a feeling of "safety first," but eventually leaves one with no income and a corresponding financial shrinkage.

Purchasing what you need and when you need it puts dollars in circulation that come back to you in rentals, increased property values and prosperity for all. Employment is the paramount necessity of every community for EMPLOYMENT MEANS WAGES AND WAGES MEAN PROSPERITY. Not just prosperity for those receiving these wages but prosperity for those that they, in turn, pay them out to. Prosperity for the Banker, the Merchant, the Property Owner and last and most important—VERNON AND EVERY ONE OF ITS CITIZENS MAKING UP THE CIVIC BODY.

The purchasing of a hat, a suit, a pair of shoes, a loaf of bread or any other of the innumerable articles which make up the needs of our personal living, all require the labor of someone in consumating the purchase. THEREFORE LET THIS PURCHASE BE MADE IN VERNON.

We want to make this an individual matter with every one of you folks, as it is an individual matter with every one of our Business Men. ALL THOSE APPENDED HEREWITH GIVE EMPLOYMENT TO VERNON PEOPLE. They wish to give more employment and vocation to those who desire it and pledge themselves to campaign unceasingly for the laboring conditions of our community. All of the Vernon Business Men are of this mind and they ask your support and encouragement.

THIS ENCOURAGEMENT CAN BE GRANTED BY A 100 PER CENT LOYAL PATRONAGE OF THE BUSINESS MEN OF THIS CITY WHO IN TURN GIVE EMPLOYMENT TO THE PEOPLE OF THE COMMUNITY. It can be granted by your absolute pledge to employ no labor but what is Vernon labor performed by a Vernon person.

By these acts you will be offering to the working man or woman of this city the tangible co-operation and support which they rightfully deserve and which will all contribute to the final result we are expecting—A GREATER VERNON.

GOCERIES

We take great pride in the quality of groceries and consider them a real inducement for your patronage. If you are as discrimminating in your choice of a grocer as we are in our selection of groceries, we shall expect you to call.

GREAT WESTERN CIRCULATOR

The Heat Giant of the West

There has never been a greater heater, one that gets so much out of the fuel, than the GREAT WESTERN CIRCULATOR.

One of the greatest improvments in stove construction made in recent years is the device for circulating the air so that all of the room where the stove is located, and even an adjoiningroom, will be uniformily heated.

This is accomplished by means of a supplementary flue which recieves the cold air from near the floor, conducts it upward in contact with heated surfaces, thence carries it within the body of the stove over the fire, and finally discharges it, thoroughly heated at the top.

Find the Misspelled Words

Have You Read the Editorial on the Opposite Page? Then You Are Eligible to Win One of the Following Prizes. Try It—It Is Easy. Here's How.

Beginning with August 8 issue of the Record, this double page program of Record advertisers will appear for ten consecutive weeks in the Tuesday issue only. The last one will be published October 10th.

The following cash prizes are offered to our readers:

First Prize	$50.00
Second Prize	$25.00
Third Prize	$15.00
Fourth Prize	$10.00
Fifth Prize	$ 5.00

INSTRUCTIONS

MAIL, this double-page ONLY, to The Vernon Record. OBSERVE THE FOLLOWING INSTRUCTIONS BEFORE MAILING. Underscore the mis-spelled words—Illustration—

SEPERATE

Write your name and address at the bottom of this sheet. This double-page, with the mis-spelled words underscored, must reach the Record office not later than MONDAY following the date of publication.

The mis-spelled words will appear indiscriminately among the advertisements. Therefore, read carefully, each advertisement.

Anyone residing in Wibarger county is eligible; Record employees only are excluded.

At the end of the campaign the Record will award the prizes in accordance with the percentage of mis-spelled words found. Remember—Five prizes will be given.

In the event of a tie the prizes will be equally divided. Be careful not to underscore words correctly spelled.

We Invite You to Join In. It's Interesting and Instructive

A large number of Record readers study Record advertisements as a guide to Quality merchandise, Quality products, and Quality service.

Record ads help them to economy buying and they save money. The Record wants more people to "Get the Habit"—Yes, Everybody—to become better acquainted with Vernon business, Vernon merchandise, Vernon Service and professions through Record Advertisers—So here is your opportunity to gain information and win a prize.

On these pages is a comprehensive directory of Vernon advertisers. They compose a substantial part of Vernon's business district. The goods they offer are trade-marked products—your insurance of quality and satisfaction. Read about these advertisers and the goods they advertise. Get the habit and stick to it. It pays to keep posted. The better you are posted the more prizes you win.

Vernon, Texas, Tuesday, Oct. 10, 1922

AN UNFORTUNATE MERGER

It will be a source of great regret to many sincere friends of the West Texas Chamber of Commerce to learn that "West Texas Today," the official publication of the organization, has been merged with a weekly magazine published at Sugar Land, far in South Texas, and owned and controlled by a manufacturing corporation which has no interests located in the new territory which it will endeavor to serve.

In South Texas there is little understanding of or sympathy for the problems and civic aspirations of West and Northwest Texas. This statement will not be doubted by any person who is familiar with the repeated efforts of this section to secure justice from the state legislature, and the almost solid opposition which these efforts have met from politicians in the south and southeast portions of the state.

"West Texas Today" will be run as a department in the Sugar Land magazine, under the able hand of Hamilton Wright, who is probably more intimately acquainted with people of West Texas and the problems facing them than any other man in the state.

But the merger is sure to be regarded by many as a most unfortunate alliance. And in view of the fact that there is ample capital in this part of Texas to finance a publication which would be devoted exclusively to the west and would be a part of the territory which it served, the question will be asked: "Why not a magazine of our own?"

THRIFT A CONSTRUCTIVE FORCE

Thrift has been treated too long as a sort of country cousin among the virtues. Her homely advice has not been needed, and her prudent counsels have been laughed at as being old fashioned. She has been shamefully snubbed by young and old, all over America. Now people have given her a kind word much less heeded the philosophy she preaches.

Wilbarger county parents can impress no more valuable lesson upon their children than the value of thrift. It is one of the greatest constructive forces in the world.

Persons who are taught to realize the importance of thrift will be careful in expenditure of money. They will understand that foolish expenditure is waste, and waste is an economic sin.

A proper regard for thrift will cause citizens to exert their influence in behalf of conservation of mineral, timber and soil resources, and cause them to become enemies of waste and extravagence along these lines.

And thrift, rightly understood and practiced, will teach citizens to conserve their health; for over-expenditure of the strength and energy with which a kind Providence blesses us is perhaps the worst form of extravagance.

Habits of thrift, thoroughly inrained in young people, exercise a great influence for good in the formation of character. They call for self denial, which in turn develops will power and judgement.

HOLDING THE PEOPLE

(By Phebe K. Warner)

What is the population of your county? How long since the first settler established the first home in your county? DID HE STAY? Did he rear a family? If so, how many descendents of that family are there living in your county at this time?

Have you any idea or record of how many people have come to your county established a home of some kind stayed a few months or a few years, pulled up and left? Why did they leave? What do you suppose the population of your county would be now, if every man and woman who had moved to it and established a home in it had stayed there; reared their children there; and lived their entire lives there?

But it is not the few or many who come and go that means the greatest loss to a county. Some times it is a gain to lose them. It all depends upon the kind of folks they are. But it is the influence of the unhappy, dissatisfied, homesick people who get up and leave before they have had time to learn to love the new country that hurts the country and holds back its progress. It is said that "we can not lose that which we have never had."

But all sad words of tongue or pen the saddest are those 'it might have been.'" And one of the greatest losses to any new country are the fine people, we might have had among us today—but for the influences of those who have left us. We have known people to come to our county during the past twenty-five years and never turn a furrow, never plant a tree, never pay a dollar to help build a church or a school house or a town. Wouldn't even read the home paper if somebody else paid for it. Just speculated, profiteered, and ridiculed, gathered up their thousands of dollars and chased back home to spend it all developing their great country to live in ease and luxury off their easy made money and inoculate everybody they met with the poison of prejudice against the new country. We are glad they are gone. The pity is THEY ever came. But the harm they have done is irreparable by piling up false stumbling blocks in the way of their neighbors who really needed the homes they could have built for themselves in our big, new county.

Who are the happiest and best fixed folks in your county? As a rule are they not those who came years ago and STAYED through thick and thin; through the good years and the bad ones; through the floods and the droughts?

If it were not for such people there would not be stability to our national or our community life. But we need more of them in the new country. Especially do we need to cultivate this spirit in the youth of our counties. There are only two ways to increase our population and this year the people of the Plains have decided on a "Million population" as their slogan. The first method is by creation. The second by addition. The first is by birth; the second by emigration. The first means growth and development within your county. The second will depend upon the magnetism of your county and that magnetism is first and last within YOU. It won't make any difference how bright the sun shines nor how much rain falls, nor how fine the crops are, unless the newcomers learned to love the people they find here. It is absolutely up to us, who are here to make good if we want others to come to our county and stay.

As a rule the new-comer to a country has left a country or a state in a higher state of cultivation. Naturally he, and especially his wife and children are going to miss the conveniences of the more developed state. But it is the home folks that they miss most. It is companionship and new friends they need most in their new home. It is YOU they need to take the place of friends they have left. And it is entertainment and companionship that the children need to adjust them to their new surroundings.

There is where your good school will make a lasting impression on their young lives. Here is where the Mothers' Club will be a joy to the strange mothers, for mothers' hearts beat very much alike no matter where they come from or where they go. One of the most important works to be done in our new counties at this time is holding the people through these trying days and months of a not altogether successful year. They had planned to do so many things this year. But they can not now. Go to them. You have been through it all before. Point out your neighbors who have conquered in life's battle by staying with it. They may move this year and hit the bad year somewhere else next year. We're going to have a good year next year. Did you know that the strongest force for holding new folks in a county are the women of the county? Many an ambitious man has been forced to pull up and move just before the victory because his family was so unhappy. Because nobody paid any attention to them. Get them into your church and your community work. Make them feel you needed them. Let's all make a business this year of studying ways to hold our youth and new comers in our county.

SOCIAL

MRS. DALTON BOWERS GIVEN BRIDAL SHOWER LAST WEEK

Mrs. Dalton Bowers, a bride, was the recipient of a delightful shower at the home of Mrs. Arthur Lloyd last Tuesday. The home was beautifully decorated with pot plants, sunflowers and kewpies, in a harmonious color scheme. A short musical program was rendered, after which two children, Henry Nabors and Dorothy Wheeler, dressed as fairies, entered bringing a small wagon loaded with presents.

The wagon was decorated to correspond with the color scheme of the house and Henry Nabors was drawing the vehicle, while little Miss Wheeler held the reins.

Following the presentation of the gifts a delicious salad course was served. About 40 guests were present.

CROSBY COUNTY NEWS FIRST PAPER IN PLAINS COUNTRY

By Hamilton Wright

Crosbyton, Oct. 9.—The first newspaper to be published in the Panhandle Plains section of Texas was the Crosby County News, the father of the present Crosbyton Review, of which James T. Buck is editor. The late James W. Murray was the founder and the first issue appeared in 1886. Its appearance followed the organization of the county, the first on the plains to be made a county entity. The paper was first published at the Quaker village of Estacado. Crosby county was the first county organized in the Panhandle-plains section and therefore lays claim to many "first" things, according to Mr. Buck. The Panhandle City Herald is probably the second newspaper to be published in that large scope of country, having made its initial bow to the reading public July 22, 1887.

According to Mr. Buck the first residence erected on the plains was an imposing two-story rock house, built by the late Hank Smith in Blanco Canyon, about twelve miles north of the present town of Crosbyton. It was commenced in 1877 and finished the following year. Crosby county also possessed the first postoffice established on the plains, in 1887, with Mrs. Elizabeth Smith, wife of Hank Smith, as postmistress. For 39 years she continued this postal station, regarded as among the longest terms of postoffice service in the United States. "Aunt" Hank, as she is commonly termed, is now 74, but hale and hearty.

Among those who have been identified with the early history of settlement in the Plains are Col. R. P. Smyth, city engineer of Plainview; and Rev. J. W. Hunt, president of McMurray College of Abilene.

Ford
THE UNIVERSAL CAR

Attention Ford Owners!

Ford parts, like almost everything else worth while, are counterfeited. Imitation parts are manufactured to SELL at the highest possible rate of profit and the grades of steel used are consequently not the same high quality, specially heat-treated alloy steels specified in Ford formulas for the manufacture of GENUINE FORD PARTS.

Don't be misled—Insist upon GENUINE FORD PARTS made by the Ford Motor Company. By so doing you will get from 35 to 100 per cent more wear from them, and you will pay the lowest possible cost—the same everywhere.

50% OF GENUINE FORD PARTS RETAIL FOR LESS THAN 10c EACH

REORGANIZE COUNTY WELFARE COMMITTEE

DRIVE FOR FUNDS WILL BE MADE SOON; TOWNSEND IS NEW MEMBER

Reorganization of the Wilbarger County Welfare association, which came into existence last year, and re-election of all members of the executive committee, which has been in charge of the work were effected at a meeting at the court house at 4 p. m. Sunday. Under the organization, the association will confine its activities to the local field, outside of the churches, and will not be allied with the Red Cross or other organizations.

The meeting was held in the county judge's office. R. B. Sherrill was elected temporary chairman and D. M. Hopper secretary.

Dr. E. L. Moore, chairman of the executive committee, reviewed the history of the association and read a statement showing the work accomplished during the year. The welfare association was organized at a meeting of representatives from all civic and religious organizations in town, he stated, and one member from each organization was chosen to make up an advistory council. The council met and elected the executive committee composed of Dr. Moore, Mrs. E. L. McCurdy, M. C. Culberson, Miss Esther Swartwood, and Jed Morrow.

At a recent meeting of the postors' association it was decided that each church in town would look after the needs of its own membership, Dr. Moore said. This agreement does not include transcients who claim church membership, he stated.

Most of the calls made on the Welfare association are from people who are not church members, he explained. The need of funds this winter will be more pressing than for several winters past, in the belief of Dr. Moore.

It was explained that the ministers have agreed to make investigations and administer welfare funds without cost to the organization. Under the arrangements to be observed, each check drawn on funds of the association must have the signatures of two local ministers before it will be honored.

Dr. Moore said that the executive committee had worked hard and had often neglected personal business to aid all and unfortunate people. He stated that he was ready to resign his place in favor of anybody who would assume its responsibilities.

County Judge McHugh stated that under the law a person must be a resident of a county six months in order to be legally entitled to aid from the county. He declared that this provision had been ignored in some instances where persons were in great need of assistance, but that with the reorganization of the welfare association, he hoped it would not be necessary to to disregard the legal restriction in the future.

"Every community needs a welfare association," Judge McHugh stated. "Many people find themselves the victim of circumstances over which they have no control, and a properly administered fund is a great aid to the unfortunate."

Judge McHugh made a motion that the report of the welfare association as read by Dr. Moore, be received and a vote of thanks extended to all members of the executive committee for their faithful work. The motion carried unanimously.

Dr. R. E. Dickenson, pastor of the First Methodist church and other speakers discussed the confusion which arose last year over the fact that the welfare association and the Red Cross were associated in the drive for funds. The work done by the Red Cross received hearty praise but it was declared that the welfare work should be seperated from other organizations. A motion to this effect was made and carried.

Rev. Lewis P. Kopp, pastor of the Central Christian church, told of his experiences in settlement work in Chicago. Nearly all cases of destitution brought to his attention were among persons who were not members of any church, he declared.

Sheriff Ish suggested that the work of raising funds for the association should be left to committees of women from the churches. He declared that in the past no trouble has been experienced here in raising money to take care of needs in this direction, and expressed the belief that the goal of $1,000 tentatively set for this year's welfare budget could be raised in half a day.

On motion of Miss Lillian Newton, J. V. Townsend, secretary of the Chamber of Commerce, was elected to fill the place on the executive committee occupied by Jed Morrow, who no long er resides here.

Plains for raising funds will be worked out in the next few days by the executive committee. The treasury of the association is practically depleted.

The following statement of expenditures made by the Welfare association during the last year will give some idea of the conditions to be met the coming winter. It will be noticed that 950 garments were given away, and 78 families aided. Miss Esther Swartwood and Mrs. McCurdy, who have taken a most active interest in the welfare work, have made 325 visits in pursuance of their task—an average of almost a visit a day.

Report of Welfare Association Nov. 1921 to Oct. 1922:

Groceries furnished to poor	$368.25
Coal furnished to poor	$ 35.95
New clothes furnished to poor	126.84
Miscellaneous, drugs, R. R. fare	104.69
	$635.73

Given away—
48 pairs of shoes.
21 pairs of stockings.
16 hats and caps.
11 quilts.
10 pairs sheets.
8 pillow cases.
2 pillows
1 bed springs.
1 bed.
724 other garments.
——950 pieces.

Visits made by Miss Swartwood and Mrs. L. E. McCurdy 325.

Families helped, (white)	59
Families helped (colored)	19
Total	78

Some who were deemed unworthy were refused help. Some were helped to find employment.

Balance in the treasury about $20.

The receipts are not given in the above because the books have not been balanced as yet. This will be given later.

NEGRO DEACON'S RESTAURANT INVADED BY FOUR WHITE MEN

Deacon Brown, one of the pillars of the local Negro Baptist church, had uninvited guests last Saturday night. Four white boys living west of Vernon invaded his retsaurant in "Darktown" and insisted on eating there.

Deacon Brown drew the color line and refused to serve them. City officers arrested the quartet on a charge of disturbing the peace and Major Mason fined them $10 each.

ORPHANS TO BE SERVED BIG CHICKEN DINNER OCTOBER 22

Fried chicken, crisp and tender, such as only Wilbarger county can produce, will be the toothsome dainty fed to children at the Buckner Orphan's home Oct. 22, under plans made by the Wilbarger-Foard Baptist association.

It is planned to have all chickens assembled for shipment Oct. 19.

Security eBnefit Association to Meet

Vernon Council No. 2556, Security Benefit association, will install officers at its regular meeting Thursday night. All members are requested to attend, as there is important business to come before the meeting.

Mr. and Mrs. L. F. Carrington Here

Mr. and Mrs. L. F. Carrington, of Oklahoma City, arrived in Vernon last week for a few days' visit to the former's father, Deputy Sheriff J. W. Carrington.

Mr. Carrington is a railroad express messenger running from Oklahoma City to Kansas City.

Choice grapes and everything fresh at the Vernon Fruit Stand. 1c

MRS. SUMNER BACK FROM VACATION ON WEST COAST

Mrs. Francis Sumner and her daughters, Misses Adele and Mary Tom, have returned from Long Beach, Calif., where they have been spending a vacation. They came back on the same train with Mr. and Mrs. W. H. Shirr and their daughter, Miss Olive, who have been at Long Beach since last May.

LEGION CONVENTION TO MEET AT DELIGHTFUL TIME OF YEAR

New Orleans, October 9.—New Orleans has chosen her most delightful period of the year for her "at home" to American Legion members during their national convention, October 16-20.

Train windows will frame scenes of Louisiana's harvest, negro women will be cutting sugar cane, rice and hay, and cotton pickers will be filling their huge burlap bags with downy balls of cotton.

Temperature will range from 65 degrees Fahrenheit at night to around 80 degrees at noon time. There will be very little if any rain the week as the middle of October is New Orleans' dryest period.

Clothes suitable to fall weather in the west and middle west should be worn. Overcoats will be superfluous.

In a word "Indian Summer" weather is reported for the ex-service men's gathering by the government forecast with the assurance that it will be neither too hot or too cool.

For Sale: L. C. Smith typewriter No 5. Price $45.00. See R. E. Williams or phone 364. 78 8c

Postal Clerk On Vacation

G. L. Robinson, clerk at the Vernon postoffice, is enjoying his annual 15 days vacation. One postal employee at a time is given a vacation, under a rotating arrangment, until all have had their annual leave.

STORIES OF GREAT INDIANS

By Elmo Scott Watson

Copyright, 1922, Western Newspaper Union.

CHIEF'S NAME WAS OLD-MAN-AFRAID-OF-HIS-HORSES

DURING the Sioux war of 1866-67 the head chief of the Ogallalas was a man known to his people as Tashunka Kokipapi. Once a careless interpreter translated this name into English as "Old Man-Afraid-of-His-Horses, and this title, with its implication of cowardice, stuck with him through history.

Accustomed as the white man was to curious Indian names, this one was particularly interesting and many attempts were made to explain it. The literal interpretation that he feared his own horses was scarcely complimentory to a war chief of the Ogallala Sioux. Then there was a story that he owned a great many horses which he was constantly afraid of losing and that once when the Shoshones attacked his camp he left his family in the hands of the enemy to run off his horses.

More creditable was the interpretation of his being such a great chieftain that even the sight of his horses inspired fear in the hearts of his enemies. The true interpretation of his name, as given by his son, Young-Man-Afraid-of-His-Horses, was "He Whose Horse They Fear" (literally: Ta, "his"; shunka, "horse"; kokipapi, "they fear it"). This arose from the fact that he had a vicious pony.

His English name is an example not only of the frequent poor translation of Indian names by the whites but also of the fact that some insignificant thought may be the deciding factor in naming a great Indian warrior. Old-Man-Afraid-of-His-Horses retained his position as head chief of the Ogallala until 1873. At his death in the late '70s the name passed on to his son, Young-Man-Afraid-of-His-Horses, who was prominent during Ghost Dance troubles of 1890-91.

After the troubles were over a Washington newspaper correspondent was sent to interview Young-Man-Afraid. The correspondent took an interpreter with him to the chief's tepee. Young-Man-Afraid asked them to dinner. They ate. Then wanting to do the right thing but not knowing whether it was proper to tip a big Indian chief, the newspaper man dropped three silver dollars into the hands of the chief's wife and had his interpreter say: "In my country a compliment to a man's wife is thought a double compliment."

The interpreter repeated the statement to Young-Man-Afraid who grunted, rose, left the tepee and came back with nine more wives!

Revival at Brown Schoolhouse

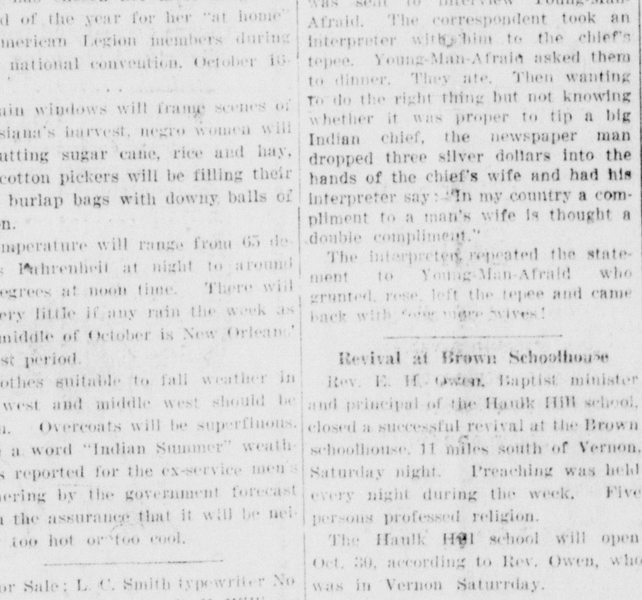

Rev. E. H. Owen, Baptist minister and principal of the Haulk Hill school, closed a successful revival at the Brown schoolhouse, 11 miles south of Vernon, Saturday night. Preaching was held every night during the week. Five persons professed religion.

The Haulk Hill school will open Oct. 30, according to Rev. Owen, who was in Vernon Saturday.

NOTICE—SHERIFF'S SALE.

THE STATE OF TEXAS, County of Wilbarger:

By virtue of an order of sale issued out of the Honorable district Court of Wilbarger County, on 6th day of October A. D. 1922, by the Clerk thereof, in the case of L. G. Hawkins versus B. C. Robertson et al No. 3131, and to me, as Sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for sheriff's sales, on the First Tuesday in November A. D. 1922, it being the 7th day of said month, before the Court House door of said Wilbarger County, in the town of Vernon the following described property, towit:

All of lots 13 and 14 in block 28, Original town of Vernon, Wilbarger County, Texas, levied on as the property of B. C. Robertson to satisfy a judgment amounting to $3411.57 in favor of L. G. Hawkins and costs of suit.

Given under my hand, this 5th day of October, A. D. 1922.

W. A. ISH, Sheriff.
79-4t Tue Wilbarger County, Texas.

NOTICE OF CONSTABLE'S SALE

(Personal Property)

By virtue of an order of sale issued out of the Justice Court, Precinct No. One, Wilbarger County, State of Texas, by T. J. Griffiths, Justice of the Peace for said Precinct, on a Judgment rendered in said Court on the 25th day of September A. D. 1922, and directed and delivered to me as Constable of Precinct No. One, Wilbarger County, Texas, I have levied upon and will offer for sale on the 7th day of October A. D. 1922, between the hours prescribed by law, at public auction to the highest bidder, for cash in hand, at Court House Door Wilbarger County, Texas, the following personal property, to-wit:

One iron gray horse 7 years old, 16 hands high named Boston; One brown horse 8 years old, 17 hands high, named Dick.

The above property is levied upon as the property of M. L. Edmondson and will be sold to satisfy a Judgment in the Justice Court of Wilbarger County, on the 25th day of September A. D. 1922 in favor of Farmers State Bank of Vernon and against the said M. L. Edmondson for the sum of Two Hundred Four and 64-100 ($204.64) Dollars principal with interest at the rate of ten per cent per annum from 25th of September and the further sum of Sixteen and 65-100 ($16.65) Dollars, costs, and all costs accruing by virtue of said suit.

Witness my hand, this 7th day of October A. D. 1922.

H. C. JUSTIN,
Constable, Precinct No. One, Wilbarger County, Texas.
78-2t Tue

Notice To Contractors For State Road And Bridge Construction

Sealed proposals addressed to E. L. McHugh, County Judge, for the improvement of certain highways in Wilbarger County, will be received at the office of E. L. McHugh, at Vernon, Texas, until 10 o'clock, A. M., October 14, 1922, and then publicly opened and read.

Description of Work to be Done

The proposed work consists of the building of structures on 11.55 miles of road on F. A. P. No. 276. Approximate quantities: Class A concrete 381.6 cubic yds. Clas B concrete 14.31 cubic yds.; steel reinforcing 35,485 pounds; type D railing 70 linear ft.; dry structural excavation 213.1 cubic yds. Optional bids will be received for county to pay for materials.

Detailed plans and specifications of the work may be seen for examination, and information may be obtained at the office of Jno. B. Nabers, County Engineer at Vernon, Texas, and at the office of the State Highway Department, State Office Building, Austin, Texas.

A certified, or cashier's check for five per cent of amount bid made payable without recourse to the order of E. L. McHugh, County Judge of Wilbarger County, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

Proposals shall be submitted in sealed envelopes and marked, "Bids for the Construction of the surfacing of F. A. P. 276 B in Wilbarger County."

All bids received will be retained by the Department and will not be returned to the bidders.

LONG-BELL
Trade Marked LUMBER

More homes!
Yes—but *better built homes.*

That's the important thing.

This is the age of quality. "Not how cheaply can I build, but how well," should be your thought when you pore over home plans, when you consult architects, contractors and lumbermen.

Inferior materials are an extravagance none can afford. For a home, to be a real investment both in *money* and *satisfaction*, must last as long as you care to live in it.

Almost everything that goes into the building of a home bears the trade-mark of some manufacturer who has said to himself:

"If I am to realize my ambitions in building a permanent business, I must put into what I make the best of my skill and knowledge, must label it with my trade-marked name, must win for that name an honorable place and *must keep it so.*"

Trade-marks are guides to good merchandise. You have proved it for yourself in buying the food you eat and the clothing you wear.

The most widely used building material that goes into homes is *lumber.* You should *know* the lumber you buy—and you *can.*

For it, too, is trade-marked. You can buy it by brand with the same assurance you buy other trade-marked goods.

The name LONG-BELL on lumber is your guide-mark to lumber and lumber products of uniform quality.

LONG-BELL Lumber has back of it 47 years of honorable enterprise.

LONG-BELL Lumber comes from exceptional stands of virgin timber; manufactured in modern mills.

LONG-BELL Lumber is made by skilled workmen—men who take a personal pride in a product bearing their company's name.

LONG-BELL Lumber is manufactured and graded under the supervision of experts who work to a standard. Each log is cut for purposes for which it is best adapted.

LONG-BELL *lumber is trade-marked. This means unmistakable identification—the same kind of a buying guide you demand on other merchandise.*

You can buy Long-Bell Lumber here.

LONG-BELL LUMBER COMPANY
"IS BETTER—BE CONVINCED"
